Re-Visioning The Way We Work Ginger Grant, 2005-08 The tools of business are dynamic capital people markets and ideas all are living entities in a constant state of flux To take these tools to work with them and reorganize them in new and different ways to produce a positive effect in your life and your organization is the essence of the creative process How to get there This work will provide a working map for the journey toward your own potential A lucid gateway to Joseph Campbell's monomyth of the hero's journey particularly as it can be applied to one's career Ginger Grant is an excellent interpreter of this invaluable but sometimes rather difficult body of work I recommend her highly William Gibson author of *Pattern Recognition* A most remarkable technique born of a most remarkable vision This book grounds the world of business management and corporate organization in a mythological psychology It demonstrates practically a way to give creativity and imagination to the real life of the workplace A unique and important contribution to the field David L Miller PhD Watson Ledden Professor Emeritus Syracuse University Ginger Grant's creative reimagining of the work place promises any who will consider her mythic approach to doing business a more flexible and humane corridor out of the stilted and calcified set of rules and formats that govern its behavior Her leading impulse that the corporate ethos will change dramatically only when it understands and accepts its own functioning mythology promises to reanimate the place where we spend the best energies of our lives Dennis Patrick Slattery Core Faculty Pacifica Graduate Institute and author of *Grace in the Desert* and *The Wounded Body* **Maa** Derric Moore, 2012-04 Before the 42 Laws of Maat and the 10 Maat Virtues the ancient philosophers of Kamit Egypt relied upon a set of shamanic principles that taught how to work the Ra the Spirit of God called the Seven Codes of Maa Similar to the 7 Universal Laws the 7 Codes of Maa allowed the Kamitic people to see science and magic as the same thing and work them both In this book you will learn how to discover your purpose in life reconnect to your ancestral past create sacred spaces and foretell the future using ordinary objects found in nature in order to change your dreams into a reality **Heroic** Bill Delvaux, 2019-04-02 It's in the movies we see It's in the news we hear It's in the stories we tell Every man is stirred by the heroic From boyhood we search for heroes starting with our fathers But somewhere along the way all

our heroes disappoint us And our attempts to be a hero fair no better leaving us confused and unsure Yet the heroic longing never leaves us We want to be that heroic man but we do not know how Jesus does He is the great Hero of all time And He calls men to follow Him As we follow we will quickly realize that the path is surprising He will first lead us into a place of fear and trembling He will lead us into death It is our initiation as men into the new life of the heroic But the death will be followed by a stunning resurrection We will find out our true names before Him and be given a heroic quest for His kingdom And most importantly we will discover the secret of true greatness letting our lives go to serve others In the end we become most heroic in the silence of His presence Here we will feel His love as he remakes us into His heroic image uniting us to Himself
