The Hidden Treasure Of Darkness The Omni Chronicles:

The Hidden Treasure of Darkness Betty Croy, 2004-03-01 Professor Markus Kellow was the first to suspect that the anomalous energy burst the Stargazer Observatory intercepted was of such significance that he set out with nothing more than a Geiger counter to confront the aliens he suspected were located in a mountain range near Area 51 Now fifty years later after another energy signature is captured by the observatory Simon Forrest sets out on his own investigation to discover what dreaded creatures could be lurking within walking distance of his home Deep within the mountain range Simon discovered a strange woman Kai alla who told him that she was guarding the most coveted treasure the whole of mankind could imagine But Simon found that discovering who this ancient woman really was turned out to be the most coveted secret mankind could imagine **Atlantica** Betty Croy, 2001-06-10 Kaialla found that immortality isnt all its cracked up to be when your boss is none other than Lucifer himself Once youve hit bottom and I mean the bottom of the Netherworlds there really is no place for a demon to go but up Can Kaialla save her race the Omni and put them back in the good graces with an angry God The last time she saw Him He had just turned the Earth upside down and called them rebels or sons of perdition or something like that Of course that was over a million years ago Maybe He had gotten over Lucifers rebellion and the fact that they sided with him After all they started off as perfect heirs with an eternal covenant and a future full of promises Surely humanity and had let God down until He was fully disgusted with them and she certainly hoped so She and the other minions had done anything and everything to make it so Science has proved that there was a lost civilization on Earth before mankind but what happened to them is a great mystery Our very own Bible gives us the clues as to who these immortals were Not angels but actual citizens of our very own world *Publishers Trade List* R R Bowker Publishing, 2001
