Chinese Marxism Adrian Chan, 2003-06-29 This groundbreaking study of Chinese Marxism examines the ideology and praxis of Marxism as it has developed in China from its earliest beginnings to current debates This is the first systematic full length analysis of the development and nature of Marxist ideology in China Adrian Chan challenges established scholarship in both the West and China which continues to be overshadowed by Cold War dogma and party orthodoxy respectively It has long been argued that Chinese Marxism was merely an offshoot of Soviet thought blended with ill defined traditional Chinese ideas Using previously neglected Chinese sources including newspapers political journals and communist party documents Chan refutes this Showing how the first Chinese revolutionaries were directly influenced by the writings of Marx Chinese Marxism argues that Bolshevism was a secondary influence on Chinese communist thought Mao himself drew upon Marxian themes in the creation of party orthodoxy In doing so he signalled his differences from Lenin and Stalin on important issues of theory and practice However not all party leaders accepted this Marxian praxis This has led to continuous conflict between proponents of Maoist Marxism and Soviet type scientific Marxism Leninism Chinese Marxism presents detailed studies of the Great Leap Forward and the Cultural Revolution to illustrate the consequences of this ongoing ideological conflict and brings the story up to the present day with an analysis of the current Thermidorean Reaction and the controversial embracing of Confucianism

Marxism and Social Science Andrew Gamble, David Marsh, Parthasarathi Sensarma, 1999-04-28 This major reassessment of the relevance of Marxism in the social sciences decisively rebuts claims that it has been consigned to the dustbin of history by the collapse of communism and apparent triumph of capitalism and liberal democracy The book first considers how Marxism has engaged with various critiques including Postmodernism New Right theory and Feminism before assessing its continuing utility as a framework for analysis of a range of substantive issues from class and the state to culture ecology and

globalization Marxism, Christianity, and Islam Julian Roche, 2024-02-20 Roger Garaudy was for many years at the centre of the French Communist Party but was eventually expelled for his liberal views In the Seventies he strove to bring Marxism and Christianity together to include all humanity in a project to set all people free What emerges from Garaudy s project is a very modern Marxism with its emphasis on the individual its ecological politics and in its insistence on religion as central to human emancipation Although Garaudy himself became frustrated by the failure of Marxism and converted to Islam eventually resulting in his work being discredited in the West it is certainly possible that Garaudy s project represents a good perhaps even the best starting point for Marxism in today s world **Sport in Soviet Society** James Riordan, 1977 This book examines the evolution of sport in Russia from its association with health and hygiene to its post war purpose of raising Soviet prestige abroad
