Brown,1999 What was most remarkable about Jim Ling among the great players of corporate games is that he invented his own And it worked for a while In fact he convinced some of the smartest people on Wall Street that he had a foolproof way It has been more that 25 years since Ling strode the scene as creator and CEO of Ling Temco Vought once the 14th largest corporation on Fortune s 500 list When the financial magic he used wore off he was ousted from the helm They even changed the name to plain LTV to get his name off the facade that wound up as a bankrupt steelmaker Without any education beyond high school in Oklahoma and electrician s training in the Navy during World War II Ling discovered a way to create free money for a while He called his series of acquisitions and spin offs Project Redeployment which made it sound like something grander than it proved to be But while it worked it was dazzling even compared with Michael Milken s rediscovery of undervalued high yield junk bonds Unlike Milken a convicted felon Ling was a man of integrity whose worst trouble with the law involved a minor regulatory matter He believed in himself and his venture so thoroughly and wrongheadedly that he kept all his own and his children s money in his company s stock and was wiped out The trouble with financial games is that they are easier to play than focusing on sound management and products and they are surely more fun to watch **Mellon** David Cannadine,2021-06-02 A landmark work from one of the preeminent historians of our time the first published biography of Andrew W Mellon the American colossus who bestrode the worlds of industry government and philanthropy leaving his transformative stamp on each Andrew Mellon one of America s greatest financiers built a

legendary personal fortune from banking to oil to aluminum manufacture tracking America's course to global economic supremacy As treasury secretary under Presidents Harding Coolidge and finally Hoover Mellon made the federal government run like a business prefiguring the public official as CEO He would be hailed as the architect of the Roaring Twenties but staying too long would be blamed for the Great Depression eventually to find himself a broken idol Collecting art was his only nonprofessional gratification and his great gift to the American people The National Gallery of Art remains his most tangible legacy
