The Message Of The Rite:

The Message of the Rite Roger Grainger,1988 The major rituals of the Church act as staging posts through life They are the rites of passage of the Christian life dividing our lives and the lives of those around us into distinct parts Roger Grainger examines these rituals in the light of anthropological study and shows how the structure of the rite itself echoes the change that the rite celebrates **The Message of Igor Strawinsky** Théodore Strawinsky,1953 **Comparing Religions: A Limitative Approach** J. G. Platvoet,2011-11-30 No detailed description available for Comparing Religions A Limitative Approach **Sophocles** Jacques Jouanna,2022-01-11 Here for the first time in English is celebrated French classicist Jacques Jouanna's magisterial account of the life and work of Sophocles Exhaustive and authoritative this acclaimed book combines biography and detailed studies of Sophocles plays all set in the rich context of classical Greek tragedy and the political social religious and cultural world of Athens's greatest age the fifth century Sophocles was the commanding figure of his day The author of Oedipus Rex and Antigone he was not only the leading dramatist but also a distinguished politician military commander and religious figure And yet the evidence about his life has until now been fragmentary Reconstructing a lost literary world Jouanna has finally assembled all the available information culled from inscriptions archaeological evidence and later sources He also offers a huge range of new interpretations from his emphasis on the significance of Sophocles political and military offices previously often seen as honorary to his analysis of Sophocles plays in the mythic and literary context of fifth century drama Written for scholars students and general readers this book will interest anyone who wants to know more about Greek drama in general and Sophocles in particular With an extensive bibliography and useful summaries not only of Sophocles extant plays but also uniquely of the fragments of plays that have been partially lost it will be a standard reference in classical studies for years to come *On the Perception of Worship* Martin D. Stringer,1999-01-01 No Marketing Blurb **On the Corposphere** José Enrique Finol,2021-06-08 The book presents and analyzes some of the most important issues related to the body seen as a rich and complex anthropological and semiotic object capable of playing a decisive role in the meaning making processes of cultural and social life The analysis presented in this book opens a whole set of new venues for the study of body performances and representations and shows how the embodiment of social and cultural life shape our world In all of its relationships and in itself our body works in a sort of corposphere which is in turn part of the semiosphere defined by Lotman as a continuum occupied by different types of semiotic formations It is from in by the body that all semiosis begins and ends it is in its presence and absence in its being and in its presentation amidst the lived situational life where we might discover and shape the senses of the world Many different academic fields will find in this book deep insights about how the body is at the center of cultural and social processes **The Theme of Hardening in the Book of Isaiah** Torsten Uhlig,2009 Make the heart of this people dull and their ears heavy and blind their eyes lest they see with their eyes and hear with their hearts and turn and be healed This call

of the prophet Isaiah in Isaiah 6 has perplexed readers of all times Torsten Uhlig reconsiders this text and other related passages Applying a communicative approach and engaging with recent studies on righteousness the author presents a new interpretation of the theme of hardening in the Book of Isaiah He argues that hardening is to be understood in the context of the communicative aspect of righteousness and elucidates the communicative acts involved in the hardening of the people Describing the role of these passages within the communicative strategy of larger units this monograph offers a distinctive contribution to the interpretation of the Book of Isaiah as a whole **Inventing the Novel** R. Bracht Branham, 2019-11-07 Inventing the Novel uses the work of the Russian philosopher Mikhail Bakhtin 1895 1975 to explore the ancient origins of the modern novel The analysis focuses on one of the most elusive works of classical antiquity the *Satyricon* written by Nero's courtier Petronius Arbiter whose singular suicide described by Tacitus is as famous as his novel Petronius was the most lauded ancient novelist of the twentieth century and the *Satyricon* served as the original model for F Scott Fitzgerald's *The Great Gatsby* 1925 as well as providing the epigraph for T S Eliot's *The Waste Land* 1922 and the basis for Fellini's *Satyricon* 1969 Bakhtin's work on the novel was deeply informed by his philosophical views if as a phenomenologist he is a philosopher of consciousness as a student of the novel he is a philosopher of the history of consciousness and it is the role of the novel in this history that held his attention This volume seeks to lay out an argument in four parts that supports Bakhtin's sweeping assertion that the *Satyricon* plays an immense role in the history of the novel beginning in Chapter 1 with his equally striking claim that the novel originates as a new way of representing time and proceeding to the question of polyphony in Petronius and the ancient novel *The Message of Israel's Lawgivers* Charles Foster Kent, 1902 **Doxology 33.4** Benjamin Zakhary, Rebecca L. Holland, Susan Delaney Spear, Heather Josselyn-Cranson, Cynthia Astle, Sarah Mount Elewononi, S.
