Taylor,2022-06-14 Through his own writings and inspiration of Aristotle and countless others Plato continues to influence every area of philosophic thought to say nothing of his enormous influence on Christian theology His dramatic dialogues including Republic the monumental treatise on the ideal state render him one of the greatest of Greek literary geniuses In this concise analysis eminent Plato scholar A E Taylor examines the philosopher s theory of knowledge and doctrine of ideas the ideal of the philosopher king the social system advocated in Republic judgments on democracy and belief in the immortality of the soul Also considered Plato s relationship with his master Socrates contribution to the idea of university education attack on art abstention from public life anticipation of Copernicus Taylor also mentions historical misunderstandings of the one he deems the most original and influential of all philosophers Print ed A E Taylor s THE MIND OF PLATO is the work of a scholar of great eminence and the best brief introduction to Plato that I know JOHN WILD This short work by one of the great Platonic authorities presents the career and thought of Plato without the dogmatic technical or sentimental clich s found in many expositions of Platonism RICHARD McKEON **Plato** Alfred Edward Taylor,2017-07-23 About the philosophy of Plato who originated or founded The Academy in Athens **Uemura's Reflections on the Mind of Plato** Joseph Norio Uemura,2020-07-30 Plato was not a Platonist I would like to show that anyone who reads the dialogues of Plato without bias or an ax to grind will find a humorous witty pleasant friend and not a desiccated scholarly mandarin Plato was an open minded tolerant reasonable individual not a tight lipped pietistic puritan In a word Plato was an Athenian not a Spartan In the twenty four centuries that have passed since the Athenians put Socrates to death every generation has interpreted the meaning of Plato s work differently Joseph Uemura guides us through six dialogues in an effort to promote a dialectical quest rather than seek a final resting place Plato s dialogues treat the big questions that confront any thoughtful person Euthyphro explores religion Phaedo reflects on mind Theatetus examines knowledge Sophist probes being Phaedrus reflects on art and the Republic ponders society All great literature must be experienced first hand Because it is not self explanatory it must be interpreted and evaluated Professor Uemura s reflections serve as a touchstone by which to test every new reading of Plato s work Professor Emeritus at Hamline University Joseph Uemura has taught philosophy at small liberal arts colleges since he completed his Ph D in philosophy at Columbia University During his career he has held two endowed professorships and transformed the lives of an uncounted number of students His primary medium is the mind of his students where he has recorded indelible ideas against which as Nietzsche said time tests its teeth in vain Although the crisp and witty prose of many of his essays and talks captures the essence of Plato s core philosophy it is the minds of his students where his lasting contribution persists not for the moment

but for all time The Mind of Plato (Plato). Alfred Edward Taylor, 1971
