

THE
*Authority of
the Court
and the Peril
of Politics*

STEPHEN
BREYER

“Breyer . . . has thought deeply about judicial power, the rule of law, and the role of the judiciary in the American polity . . . His voice is a powerful one, and the brevity of this book, together with its readability, should ensure its lasting influence . . . An important document on American civics.”

—*Wall Street Journal*

The Politics Of Peril

R Barnett

The Politics Of Peril:

The Politics of Peril Carl Friedrich Freiherr von Weizsäcker, 1978 **Politics & Peril** Lorle Porter, 2005 As America stumbled toward its worst domestic crisis civil war political tradition took on the garb of national issues This is the story of that volatile century and the people locally well known or those forgotten who made it happen This charming study of an Ohio county seat in the nineteenth century might well be described as a microcosm of the American experience The author gives a clear exposition of how an Ohio town responded to the sectional controversy that led to civil war and the lingering bitterness that plagued Mount Vernon in the aftermath of the war an excellent example of how a professional historian can reclaim local history from the sentimentality of local antiquarians William L Fisk Ph D Muskingum College Professor Emeritus detailed and fascinating the text enables me to more accurately interpret Mount Vernon history and appreciate the rich and diverse background of our community Dr E LeBron Fairbanks President Mount Vernon Nazarene University Politics Peril paints a wonderful picture of the big names of the area and the influence they had on local state and national politics and sheds light onto the influential people of the 1800s that are now immortalized and forever remembered in street names and buildings Fred Main City Editor Mount Vernon News Master oral presenter of history Lorle Porter has made one thing after another interesting and suspenseful her treatment of the Peace Democrats during the Civil War does not hide their racism but makes clear and vivid their abhorrence of the wholesale killing in warfare of people of both sides Tony Stoneburner Ph D Denison University Professor Emeritus **The Politics of Peril** Carl F. Von Weizsacker, 1978-06-01

The Politics of Peril Carl Friedrich Freiherr von Weizsäcker, 1976 **The Politics of Prejudice** Roger Daniels, 1977 The years have failed to dull the sheen of this slender volume Its thick subject matters regionalism racial politics democracy have taken on different casts over the life of the book yet they retain their relevance and timeliness Gary Y Okihiro author of *Margins and Mainstreams* The insights offered by Roger Daniels almost four decades ago remain trenchant and incisive Sucheng Chan author of *This Bittersweet Soil* *Political Perils in 1859*, 1859 **Political perils in 1859** Political perils, 1859 **The Politics of Globality since 1945** Rens van Munster, Casper Sylvest, 2016-05-12 This timely comprehensive and interdisciplinary volume advances an original argument about the complex roots and multiple politics of globality It shows that technological innovations and decisive developments since 1945 from the nuclear revolution to anthropogenic climate change and debates about the Anthropocene have prompted reflections on the global condition of humanity and helped reshape political communities by making the world appear small manageable and interconnected The contributors stress how human beings have transformed both their habitat and their view of human earth relations since 1945 Such changes have been accompanied by important shifts in political visions prompted new forms of human association encouraged legal and institutional reform and spurred ideas about ecological humility At the same time the spatially all encompassing nature of globality have also informed projects of human mastery and a range of practices historically

associated with militarization and a strongly statist conception of national security This volume reflects on these paradoxical relationships their history and contemporary relevance Contributing to the overlapping concerns of four burgeoning fields of study across the humanities and the social sciences globality and globalization studies geopolitics and political geography Anthropocene studies global governance and political theory the book will be of great use to scholars and graduates working in these areas

The Politics of Truth John H. Summers, 2008-09-11 C Wright Mills was a radical public intellectual a tough talking motorcycle riding anarchist from Texas who taught sociology at Columbia University Mills's three most influential books *The Power Elite* *White Collar* and *The Sociological Imagination* were originally published by OUP and are considered classics The first collection of his writings to be published since 1963 *The Politics of Truth* contains 23 out of print and hard to find writings which show his growth from academic sociologist to an intellectual maestro in command of a mature style a dissenter who sought to inspire the public to oppose the drift toward permanent war Given the political deceptions of recent years Mills's truth telling is more relevant than ever Seminal papers including *Letter to the New Left* appear alongside lesser known meditations such as *Are We Losing Our Sense of Belonging* John Summers provides fresh insights in his introduction which gives an overview of Mills's life and career Summers has also written annotations that establish each piece's context and has drawn up a comprehensive bibliography of Mills's published and unpublished writings

The Politics of Being Mortal Alfred G. Killilea, 2021-09-15 While much has been written in recent years on death and dying there has been little treatment of how people cope with death in the absence of religious belief and virtually no examination of the potential political repercussions of a wider acceptance of mortality in American society Alfred Killilea's strikingly original book revolves around a central irony though the subject of death has been largely shunned in American culture lest it rob life of meaning and contentment confronting death may be crucial to enable us as individuals and as a society to affirm life even to survive in this nuclear age Killilea argues that the denial of death has fostered a disavowal of limits in general and that a greater awareness of our mortality would provide a much needed catalyst for change in our political response to narcissism and nuclearism He traces how from John Locke to the present a politics and an economics based on growth for the sake of growth have required an avoidance of human vulnerability Our confrontation with mortality Killilea argues would goad us to question our roles as mere acquirers and to take more seriously the need for equality and community in our society In charting how we can come to terms with death and how profoundly our attitudes toward death affect our attitudes toward politics Killilea provides lucid and authoritative commentaries on such provocative thinkers as Earnest Becker Robert Jay Lifton Michael Novak Daniel Bell Christopher Lasch and Jonathan Schell Scholars in many fields as well as interested lay readers will find the treatment of these issues and thinkers compelling This easily accessible book is an urgent reminder that the most valuable spur to the examined life extolled by Socrates is the knowledge that we will die

Embracing the Melody of Appearance: An Emotional Symphony within **The Politics Of Peril**

In a world eaten by screens and the ceaseless chatter of immediate transmission, the melodic elegance and emotional symphony developed by the prepared word often diminish in to the back ground, eclipsed by the relentless noise and disruptions that permeate our lives. Nevertheless, located within the pages of **The Politics Of Peril** a charming fictional prize brimming with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, this interesting masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden tunes and profound affect resonating within each cautiously crafted phrase. Within the depths of this moving evaluation, we will investigate the book is central harmonies, analyze its enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
