The Principles of Politics in Islam Muhammad M. Al-Hudaibi, 2000 The Principles of State and Government in Islam Muhammad Asad, **Islam and Politics** Mufti Muhammad Taqi Usmani, 2017 What does an authentic Islamic government look like and how does it operate In this concise but wide ranging book the renowned scholar Mufti Muhammad Taqi Usmani provides an authoritative survey of the guidance given by the canonical Islamic sources in matters of politics In six chapters he examines the role and conduct of politics and political activity in Islam in the light of the Qur n and the Prophetic Sunnah guidelines for the process of forming a government rules and procedures for running a government the Islamic injunctions concerning defence and foreign policy and the circumstances in which it may become permissible to remove a ruler or government from office The book is rounded off with two articles by the same author on political affairs with specific reference to Pakistan Islam and Politics is essential reading for those seeking a readable and reliable account of the basic teachings of Islam concerning politics and government Mufti Muhammad Taqi Usmani is one of the world s most prominent scholars of the Islamic sciences and former Justice of the High Court of Pakistan Born at Deoband India in 1943 he studied with leading ulam in Karachi and elsewhere His main fields of expertise are Hadith jurisprudence Sufism and economics Mufti Usmani has published numerous books and articles in Urdu Arabic and English on these and other aspects of Islamic studies **The Challenge of Political Islam** Rachel Scott, 2010-04-23 The rise of political Islam has provoked considerable debate about the compatibility of democracy tolerance and pluralism with the Islamist position As The Challenge of Political Islam reveals Egyptian Islamists today are more integrated into the political arena than ever and are voicing a broad spectrum of positions including a vision of Islamic citizenship more inclusive of non Muslims Based on Islamist writings political tracts and interviews with Islamists including members of Egypt s Muslim Brotherhood and other important contemporary thinkers this book looks closely at how modern politically oriented Egyptian Islamists perceive non Muslims in an Islamic state and how non Muslims respond Clarifying the movement s aims this work uncovers how Islamists have responded to the pressures of modernity the degree to which the movement has been influenced by both a historical Islamic framework and Western modes of political thinking and the necessity to reconsider the notion that secularism is a precondition for toleration **The Failure of Political Islam** Olivier Roy, 1994 For many Westerners ours seems to be the era of the Islamic threat with radical Muslims everywhere on the rise and on the march remaking societies and altering the landscape of contemporary politics In a powerful corrective to this view the French political philosopher Olivier Roy presents an entirely different verdict political Islam is a failure Even if Islamic fundamentalists take power in countries like Algeria they will be unable to reshape economics and politics and in the name of Islamic universalism will express no more than nationalism or an even narrower agenda Despite all the rhetoric about an Islamic way an Islamic economy and an Islamic state the realities of the Muslim world remain essentially unchanged **Political Islam in the Global World** Aini

Linjakumpu,2008 Develops an approach with which one can study the politicization of Islam in different circumstances and contexts This book uses three case studies to analyze the political dimension of Islam It also examines political identity and discusses the role of language **Political Islam, Citizenship, and Minorities** Andrea Zaki Stephanous,2012-07-10 Political Islam Citizenship and Minorities discusses the relationship between religion and politics in the Middle East and the future of political Christianity The emergence of political Islam and the recent changes in political Christianity in the region have both contributed to a new perception of the role of Arab Christians Political Christianity is a part of the political discourse in the Middle East it makes a major contribution to the political life of the region This book explores Arab political participation in general and particularly examines the role of minorities The author considers both the impact of political Islam on politics and the concept of a political system based on religious principles The Copts of Egypt and the Maronites of Lebanon are compared in order to examine the nature of political participation by Arab Christians and to consider the political theologies behind both communities Arabism as a broad concept that includes Islam and other faiths is our concern A new vocabulary and fresh concepts for the effective political participation of Arab Christians are introduced in this book and a new concept of dynamic citizenship that is based on the development of civil society and learns from the problems of the past is developed Islam in World Politics Nelly Lahoud,A.H. Johns,2012-10-12 This book examines the influence of Islamist movements in national and international power politics in the equilibrium of the world of finance and the articulation of gender issues in Islamic and non Islamic countries alike Political Islam Karl Antony,2013-12-09 Main Important Point is Islamic Terrorism Which its Believers commit many atrocious crimes all over the world especially in the Western World in the name of God Handbook of Political Islam in Europe Thomas Jäger,Ralph Thiele,2024-03-31 This book approaches the field of Political Islam from a European security perspective Featuring various case studies and country surveys written by respected experts in the field it offers a comparative perspective and comprehensive overview of the ideology and prevalence of Political Islam and its actors in more than 20 European states The respective contributions identify key actors of Political Islam and reveal the activities means and strategies they pursue and employ across the continent They also discuss if and how Political Islam could undermine the Western liberal democratic order and its associated values By doing so the volume offers approaches to analyzing Political Islam and thereby strengthening the resilience of liberal democratic societies while also protecting Muslims from the radical ideology and agenda of Political Islam Chapter Hybridizing Islam in the Balkans The Rise of Salafi Hanafism in Bulgaria is licensed under the terms of the Creative Commons Attribution 4 0 International License <http://creativecommons.org/licenses/by/4.0/> For further details see license information in the chapter div
