The Private Life Of Islam

The Private Life Of Islam:

The Private Life Of Islam Ian Young, 2011-04-30 Ian Young spent a summer as a medical student in a provincial maternity unit in Algeria. This book is taken from the diary he began on arrival when he found himself the privileged witness of the insides not just of Kabyl women but also some much trumpeted ideology. The immediate villains are a couple of expatriate Bulgarian gynaecologists. Dr Vasilev at the closing stages of a career of fathomless incompetence forms a bond of affection with the author and they spend many hours in the office over an old route map of Bulgaria discussing mileages and motorcycles as Maternity drifts beneath them like an abandoned ship. Dr Kostov packs a powerful bedside punch and saves his humanitarian feelings for the health of the Deutschmark. The two form a macabre comic team as they take the reader through a series of medical nightmares. But their lot is scarcely more enviable than that of their female victims: the foreign doctors are the unhappy executors working in blood, excrement and death of the most respected attitudes in Algeria. *The Private Life of Islam* is a ruthlessly clear sighted view of a particular place at a particular time. It is also a classic in the art of story telling. A real achievement personal as well as literary. David Pryce Jones *The Times*. A parable of the reality behind a vast amount of modern social and political fantasy even in the most developed of countries. David Holden *Sunday Times*.

Corporate Islam Patricia Sloane-White, 2017-03-30 Compelling and original, this book offers a unique insight into the modern Islamic corporation, revealing how power relationships, individual identities, gender roles and practices, and often massive financial resources are mobilized on behalf of Islam. Focusing on Muslims in Malaysia, Patricia Sloane White argues that sharia principles in the region's Islamic economy produce a version of Islam that is increasingly conservative financially and fiscally powerful and committed to social control over Muslim and non-Muslim public and private lives. Packed with fascinating details, the book is essential reading for anyone with an interest in Islamic politics and culture in modern life.

Understanding Muslim Family Life Joanne Britton, 2024-03-27 This book offers an innovative perspective on Muslim family life in British society. Drawing on recent debates, the book considers how theories of family have overlooked Muslim families and offers a comprehensive framework to address this oversight. Informed by decolonizing approaches, the book sheds light on the impact of narrow and stigmatizing perspectives that shape our understanding of Muslim families. The author pays close attention to the increasing diversity of family forms and to the role of gender and generation whilst also considering race, ethnicity and class. In doing so, she demonstrates how a better understanding of Muslim family life can inform policies to address inequalities and advocates for placing Muslim families at the heart of policy solutions. *Muslims and Matriarchs* Jeffrey Hadler, 2013-11-15 *Muslims and Matriarchs* is a history of an unusual, probably heretical and ultimately resilient cultural system. The Minangkabau culture of West Sumatra, Indonesia, is well known as the world's largest matrilineal culture. Minangkabau people are also Muslim and famous for their piety. In this book, Jeffrey Hadler examines the changing ideas of home and family in Minangkabau from the late eighteenth century to the 1930s. Minangkabau has

experienced a sustained and sometimes violent debate between Muslim reformists and preservers of indigenous culture. During a protracted and bloody civil war of the early nineteenth century neo Wahhabi reformists sought to replace the matriarchate with a society modeled on that of the Prophet Muhammad. In capitulating the reformists formulated an uneasy truce that sought to find a balance between Islamic law and local custom. With the incorporation of highland West Sumatra into the Dutch empire in the aftermath of this war the colonial state entered an ongoing conversation. These existing tensions between colonial ideas of progress, Islamic reformism and local custom ultimately strengthened the matriarchate. The ferment generated by the trinity of oppositions created social conditions that account for the disproportionately large number of Minangkabau leaders in Indonesian politics across the twentieth century. The endurance of the matriarchate is testimony to the fortitude of local tradition, the unexpected flexibility of reformist Islam and the ultimate weakness of colonialism. Muslims and Matriarchs is particularly timely in that it describes a society that experienced a neo Wahhabi jihad and an extended period of Western occupation but remained intellectually and theologically flexible and diverse.

A Brief History of the Private Life of Elizabeth II Michael Paterson, 2012-01-19 Elizabeth II is the longest reigning British monarch. A personally quiet, modest and dutiful person, she is far better informed about the lives of her subjects than they often realize. She has known every Prime Minister since Winston Churchill and every American President since Eisenhower. Yet what of the woman behind the crown? This book seeks to take a new look at this exhaustively documented life and show how Queen Elizabeth became the person she is. Who and what have been the greatest influences upon her? What are her likes and dislikes? What are her hobbies? Who are her friends? What does she feel about the demands of duty and protocol? Is she really enjoying herself when she smiles during official events? How differently does she behave when out of the public eye? Examining the places in which she grew up or has lived, the training she received and her attitudes to significant events in national life, it presents a fresh view of one of recent history's most important figures. In recent years Queen Elizabeth has become the longest reigning monarch in our history and has cut back on commitments. Nevertheless she is still very active and has made some wise decisions about who takes over a number of her duties.

God's Rule Suzanne Neusner, 2003-05-06 Resisting the tendency to separate the study of religion and politics, editor Jacob Neusner pulls together a collection of ten essays in which various authors explain and explore the relationship between the world's major religions and political power. As William Scott Green writes in the introduction, "Because religion is so comprehensive, it is fundamentally about power; it therefore cannot avoid politics." Beginning with the classical sources and texts of Judaism, Christianity, Buddhism, Islam, Confucianism and Hinduism, God's Rule begins to explore the complex nature of how each religion shapes political power and how religion shapes itself in relation to that power. The corresponding attention to differing theories of politics and views towards non-believers are important not only to studies in comparative religion but to foreign policy, history and governance as well. From early Christianity's relationship to the Roman Empire to Hinduism's relationship to Gandhi and the caste system, God's Rule

provides a basis of understanding from which undergraduates seminarians and others can begin asking questions of relationships both unavoidable and systematically uneasy

Societal Peace and Ideal Citizenship for Turkey Pinar Enneli, Rasim Özgür Dönmez, 2011-08-16 Globalisation and neo liberalism have been impacting the nation state and leading the full citizenship concept into crisis not only in Turkey but also in the world While one reason for this crisis is the decline of the welfare state another reason stems from the fluidity of borders that distorts the classical patterns of the nation state such as meta identity The existing Turkish citizenship inherited a strong state idea with passive citizenship tradition from the Ottoman Empire However this understanding is no longer sustainable for Turkish society The definition of citizenship through state led nationalism secularism and a free market economy creates societal crises in politics and society The aim of this book is to find out the answer of what should be the ideal citizenship regime for Turkey Various scholars dealing with Turkish socio politics analyze different aspects and problems of Turkish citizenship regime that should be tackled for finding a recipe for ideal citizenship in Turkey

The Islamic Review Khwajah Kamal al-Din, 1913

Islam as Critique Khurram Hussain, 2019-09-05 What would it mean to imagine Islam as an immanent critique of the West Sayyid Ahmad Khan lived in a time of great tribulation for Muslim India under British rule By examining Khan s work as a critical expression of modernity rooted in the Muslim experience of it Islam as Critique argues that Khan is essential to understanding the problematics of modern Islam and its relationship to the West The book re imagines Islam as an interpretive strategy for investigating the modern condition and as an engaged alternative to mainstream Western thought Using the life and work of nineteenth century Indian Muslim polymath Khan 1817 1898 it identifies Muslims as a viable resource for both critical intervention in important ethical debates of our times and as legitimate participants in humanistic discourses that underpin a just global order Islam as Critique locates Khan within a broader strain in modern Islamic thought that is neither a rejection of the West nor a wholesale acceptance of it The author calls this Critical Islam By bringing Khan s critical engagement with modernity into conversation with similar critical analyses of the modern by Reinhold Niebuhr Hannah Arendt and Alasdair MacIntyre the author shows how Islam can be read as critique
