The Sonnet in England and America, 1982-06-30 Product information not available **A Reference Guide for English Studies** Michael J. Marcuse, 2023-11-15 **The Nineteenth-Century Sonnet** J. Phelan, 2005-12-05 What was the appeal of the Sonnet's scanty plot of ground to Romantic and Victorian poets? How did a form which had fallen into disuse in the early eighteenth century become a central and enduring part of nineteenth century poetry? This study traces the history and development of the sonnet throughout the nineteenth century, examining the work of Wordsworth, Keats, Elizabeth Barrett Browning, Christina Rossetti, George Meredith and a number of other key canonical and non-canonical writers.

Shakespeare's Sonnets James Schiffer, 2013-04-15 Shakespeare's Sonnets Critical Essays is the essential Sonnets anthology for our time. This important collection focuses exclusively on contemporary criticism of the Sonnets, reprinting three highly influential essays from the past decade and including sixteen original analyses by leading scholars in the field. The contributors' diverse approaches range from the new historicism to the new bibliography, from formalism to feminism, from reception theory to cultural materialism and from biographical criticism to queer theory. In addition, James Schiffer's introduction offers a comprehensive survey of 400 years of criticism of these fascinating enigmatic poems. **The Sonnets** Harold Bloom, Brett Foster, 2009 Presents a collection of essays discussing historical aspects of William Shakespeare's sonnets, excerpts from some of the sonnets and biographical information. *The Sonnet* Stephen Regan, 2019 Provides a comprehensive study of one of the oldest and most popular forms of poetry, combining a broad historical overview of the sonnet with detailed critical analysis to show how the form of poetry has achieved its special status and popularity among poets in Britain, Ireland and America. **The Anthem Anthology of Victorian Sonnets** Michael J. Allen, 2011-02-15 The Anthem Anthology of Victorian Sonnets is a comprehensive collection of three thousand sonnets written by poets between 1836 and the early years of the twentieth century. The work contains a representative selection of sonnets for each individual poet in order to display the diversity and innovation brought to the sonnet form by Victorian poets. **The Sonnets** William Shakespeare, 2006-06-22 The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical stage and screen interpretations. For this second edition of *The Sonnets*, Stephen Orgel has written a new introduction to Shakespeare's best-loved and most widely read poems. In a series of focused readings, he probes the sonnets' sexual and temperamental ambiguity as well as their complex textual history and explores the difficulties editors face when modernising the spelling, punctuation and layout of the 1609 quarto. Orgel reminds us that the order in which the sonnets were composed bears no relation to the order in which they appear in the quarto, and he warns against reading them biographically. This edition retains the text prepared by G. Blakemore Evans, together with his notes and commentary. **The Achievement of Christina Rossetti** David A. Kent, 2019-05-15 Bringing to

bear a variety of perspectives on the poetry prose and letters of a writer whose work is just now beginning to emerge from critical neglect this collection edited by David A Kent should play an important role in the re evaluation of Christina Rossetti It consists of fifteen essays by gifted Victorian scholars who represent a wide range of methodologies and critical concerns and it offers alternatives to the autobiographical approach that has limited appreciation of Rossetti the writer *AEB, Analytical & Enumerative Bibliography* ,1982 Vol for Oct 1977 contains Index to reviews of bibliographical publications 1976
