Soul Friend A Study Of Spirituality:

Soul Friend Kenneth Leech,1977 The Study of Spirituality Cheslyn Jones,Geoffrey Wainwright,Edward Yarnold,1986-12-11 Written by contributors representing the Anglican Roman Catholic Free Church and Orthodox traditions this collection examines the nature and form of individual Christian devotion throughout the centuries **Soul Friend** Kenneth Leech,2001-07 Explores the range of issues that concern both directors and those who seek direction the history of spiritual direction the relationship between director and directee the practice of prayer in the Christian spiritual tradition and the role of the spiritual director not just for the individual but in the larger society **Love and Friendship in the Western Tradition** James McEvoy,2023-08-18 Love and Friendship in the Western Tradition comprises a collection of essays written over a 25 year period by the late Rev Professor James McEvoy on the theme of friendship The book traces the genesis and development of philosophical treatments of friendship from Greek philosophy through the Middle Ages to modern and postmodern philosophy The collection s three major concerns are 1 the history of philosophical discussions of friendship 2 the role of friendship in the cultivation of the philosophical life 3 the marginalization of friendship as a theme for philosophical reflection and practice in the modern period As the author was primarily a medievalist a great deal of the focus of the essays is on the development of the theme of friendship in the Middle Ages in the thought of Augustine Aquinas Aelred of Rievaulx Henry of Ghent Robert Grosseteste etc However this focus while a value in itself also serves to connect philosophical perspectives on friendship from before and after the middle ages It connects to the time before inasmuch as much of the work done on friendship in the Middle Ages is anchored in interpretations of Aristotle and Plato and it connects to the time after by providing a counterpoint to the modern paradigm of what constitutes the philosophical life The collection combines historical with thematic approaches to scholarship on this issue and is one of the only books of its kind to do so It is perhaps unique in its historical sweep and will prove to be a canonical source for further research on this topic **The Works of "Fiona Macleod".: The Winged destiny. Studies in the spiritual history of the Gael** William Sharp,1920 **Spiritual Theology** Simon Chan,2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the

Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective *Spiritual Theology* is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading *Psychotherapy and Spirituality* Agneta Schreurs,2002 Schreurs presents a range of therapeutic situations analogies and case studies in which spiritual concerns may arise and explores them from spiritual and psychological perspectives showing how they connect and differ This engaging book is essential reading for all therapists who feel out of their depth when patients raise spiritual concerns *English Spirituality* Gordon Mursell,2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces the history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years

Asceticism Vincent L. Wimbush,Richard Valantasis,2002 The only comprehensive reference work on asceticism with a multicultural multireligious and multidisciplinary perspective Asceticism offers a sweeping view of an elusive and controversial aspect of religious life and culture Providing a broad historical and comparative perspective contributions by more than forty preeminent scholars in a wide range of fields and disciplines explore asceticism from antiquity to the present in European Near Eastern African Asian and North American settings An incomparable reference Asceticism offers a model for an understanding of a most important dimension of religious life **A New Old Spirituality?** Tone Stangeland Kaufman,2017-07-11 How do pastors live their spiritual lives both as private persons and as professionals How can their spirituality be characterized and understood Drawing on in depth interviews with Norwegian clergy as well as literature from the fields of Christian spirituality practical theology congregational studies and the sociology of religion this book offers a nuanced understanding of clergy spirituality Tone Stangeland Kaufman identifies three locations and sources of spiritual nurture for pastors the ministry itself vocational spirituality daily life everyday spirituality and spiritual practices located at the margins of daily life intentional spirituality The participants in this study engage in classic Christian practices yet approach them in a subjective and new way that also potentially revitalizes their spiritual lives Hence the author makes the case that their spirituality can aptly be described as a new old spirituality The book also seeks to nuance Paul Heelas s and Linda Woodhead s Spiritual Revolution claim and thus engages in the broader spirituality vs religion discourse **A New Old Spirituality** is an exciting example of how qualitative empirical research can be used in creative ways to make a practical theological argument It is a book for scholars students and practitioners **Five Pathways to Wholeness** Roger Hurdington,2013-06-20 Five Pathways to Wholeness examines a variety of approaches to pastoral care biblical counselling the healing ministries pastoral counselling spiritual direction and social change Bringing together material from a range of

sources and offering numerous engaging real life illustrations the author compares and evaluates each of the five approaches in its own right At the same time he encourages those who favour a particular pathway to respect and understand the *raison d'être* of the other four All five he believes can move to a more truly integrational theological and psychological viewpoint
