## Soul Possibilities:

**Every Branch In Me: Essays On The Meanin** Barry McDonald,2010-08-01 Every Branch in Me Essays on the Meaning of Man is a collection of articles by leading perennialist authors that are unified by a single theme nothing that is properly human can be separated from the intrinsically spiritual nature of man     **The Voice of the Soul** Katherine Augusta Westcott Tingley,1928     Purgatory Kristof Vanhoutte,Benjamin W. McCraw,2017-09-15 This book examines the concept of Purgatory However in contradistinction to the many monographs and edited volumes published in the past 50 years devoted to historical cultural or theological treatments of Purgatory especially in proportion to the voluminous output on Heaven and Hell this collection features papers by philosophers and other scholars engaged specifically in philosophical argument debate and dialogue involving conceptions of Purgatory and related ideas It exists to broaden the discussion beyond the prevailing trends in the academic literature and fills an important intellectual gap     The Essential Titus Burckhardt Titus

Burckhardt,2003-09-06 An introduction to the thought of one of the greatest perennialist authors of the twentieth century  
*Proclus* Radek Chlup,2012-04-26 Proclus of Lycia 412 485 was one of the greatest philosophers of antiquity producing the most systematic version of late Neoplatonic thought He exercised enormous influence on Byzantine medieval Renaissance and German Classical philosophy ranking among the top five of ancient philosophers in terms of the number of preserved works Despite this he is rarely studied now the enormous intricacy of his system making the reading of his treatises difficult for beginners This book provides the first comprehensive introduction to all the basic areas of Proclus thought It carefully guides the reader through his metaphysics theology epistemology and theory of evil as well as his sophisticated philosophy of religion It also sets Proclus in the historical social and religious context of late antiquity offering a synthetic account that will appeal to historians and students of ancient religion     The Nazarene Messenger ,1907

*Sophos Ontology* Lee Irwin,2024-01-04 Sophos Ontology On Post Traditional Spirituality discusses religious plurality and post traditional perspectives on emergent forms of sacred sensibility particularly for those identifying as spiritual but not religious This book is divided into three parts The first part is a retrospective account of multiple religious traditions with emphasis on esoteric thought as influenced by mystical writings covering western eastern and Native American traditions The second part discusses the need for a new conceptualization of the sacred as expressed through multiple spiritual perspectives relevant to a pansentient post traditional process ontology Other topics in this section include the importance of an ethically shaped spirituality collective influences dreams imagination and the role of pluralism in shaping beliefs Part three explores the role of faith redefined as spiritual commitment mysticism as direct experiential knowledge and transpersonal theory influenced by comparative studies in altered states of consciousness paranormal research and the metaphysics of discovery all contributing to the development of present and future spirituality     **Reincarnation: a**

**Passage Through Time** Robert Colacurcio,2014-04-07 This book invites readers who consider themselves savvy investors in

their long term future to give some serious thought to the lifetime s that may come next The authors approach is to investigate the essential relationship of the human soul to time Whether the reader currently believes in one lifetime or many the relationship of the soul to time will condition whatever comes next on the other side of the portal of death There are many nave portrayals and gross misconceptions about what comes next whether one believes in an eternity in heaven or an indefinite number of reincarnations This book tries to get beyond many of these limited conceptions Too many people have only childhood information to work with when thinking about their long term future Unfortunately everything you need to know to make savvy investments in your long term future was not taught in kindergarten **Century Path** ,1906 *Hans Jonas* David J. Levy,2002 Hans Jonas The Integrity of Thinking provides the first overall account of the work of Hans Jonas While Jonas is not the best known thinker of the twentieth century David J Levy shows that he is one of the most important Levy covers the philosopher s life and his contributions to the history of religion philosophical biology philosophical anthropology ethics and theology Jonas s work is situated in relationship to that of his first intellectual mentor Martin Heidegger as well as that of such related thinkers among his contemporaries as Eric Voegelin Setting Jonas s work in the historical and philosophical context of his life and times Levy summarizes Jonas s original achievements in fields as apparently diverse as the history of ancient Gnosticism the philosophical significance of biology the problems of ethics in a technological age and the mysteries of theology while demonstrating the notable unity of theme and purpose that guided his various fields of inquiry *Living Reiki* Melissa Tipton,2025-08-05 Reveal Your True Self with the Healing and Transformative Power of Reiki Embark on a journey deep into the mysteries of Reiki where you ll create a potent elixir of healing that will unite you with your true self This book invites you onto the path of self transformation helping re instill your trust in the unshakeable reality that you re already whole Living Reiki provides tools and practices designed to shed the filters and obstructions created by your ego The more you release these obstructions the more you can see who you really are and what you came into this life to do Discover the teachings of Reiki through meditation ritual and other powerful techniques Explore exercises that push your limits and expand your view of what is possible Using fearless self inquiry and personal transformation you ll unravel the secret ways of the healer within Praise This fresh potent approach to Reiki is unlike any other Follow Melissa s wisdom to create a life imbued with soul on fire passion and purpose Cyndi Dale author of Raise Clairaudient Energy Melissa Tipton is a genius Living Reiki is not only life changing it s also engaging accessible and a joy to read And it s not just for Reiki practitioners It s illuminating reading for absolutely everyone who is interested in energy manifestation complementary medicine or personal power I wholeheartedly recommend it Tess Whitehurst author of The Good Energy Book *Dictionary of All Scriptures and Myths* G. A. Gaskell,2012-04-01 *The Supremacy of Man. A Suggestive Inquiry Respecting the Philosophy and Theology of the Future* ,1876 [Writing Japan's War in New Guinea](#) Victoria Eaves-Young,2025-10-01 Tamura Yoshikazu is destined to die on the alien shores of the New Guinea warzone Devoid

of family contact perplexed by the unfamiliarity of his environment deprived of even meagre amenities and faced with the spectre of debilitating illness and starvation this solitary soldier commenced a diary in the early part of 1943 Employed in the hard labour of building airstrips he is ground down by tedium disheartened by the now dysfunctional military hierarchy consumed by grief at the meaningless deaths of comrades and stripped of any chance of being involved in an aspect of war that he considers heroic and meaningful Profoundly unsettled by all that appears to be at odds with the kokutai ideology Tamura employs strategies through the vehicle of his diary to enable him to remain committed to the pathway of death on behalf of the Emperor

**Now**,1900 A Dictionary of the Sacred Language of All Scriptures and Myths (Routledge Revivals) G Gaskell,2016-03-10 G A Gaskell's Dictionary of the Sacred Language of All Scriptures and Myths first published in 1923 examines several different aspects of religion including examples from Ancient Egyptian religion and mythology to modern day Christianity providing explanations of gods events and symbols in alphabetical order This is a perfect reference book for students of theology or the history of religion

**Unity**,1906 **Applied Spirituality: Seeing Through the Illusion of Our Separateness** Robert Colacurcio,2015-10-14 This volume is a compilation of six smaller books that were published between 2012 and 2014 They were written as though I were taking dictation Some higher power unlocked the gates of inspiration and articulation and I wrote almost continuously for three hours every day without ever first composing an outline for any of these books Instead of coming out as gibberish they form a coherent and I feel cogent whole and so I have grouped them together in one volume Performance excellence in any field requires among other things a clear goal that can be methodically approached incrementally in manageable steps and stages Without a clear goal there can be no cogent methodology Accomplishment in the practice of a spiritual discipline that leads to excellent results is no different Together these books offer a clear goal and method for accomplishing what I feel is the universal target of every valid form of spiritual practice namely seeing through the illusion of our separateness This goal is universal to every form of spiritual aspiration The methods outlined in this book therefore bypass every form of sectarianism They can be applied and practiced by anyone of any faith who is sincerely motivated to deepen in the spirit that unites us all

**George Matheson and Mysticism--A Biographical Study** Scott S. McKenna,2022-02-04 This book is a study on the life and mystical thought of George Matheson In the closing decades of the nineteenth century Matheson was a Church of Scotland minister at Innellan on the west coast of Scotland Matheson was of Highland descent and blind from the age of eighteen His spiritual journey included a distressing experience of atheism the attraction of Hegelian idealism and through the practice of silence and meditation on Scripture he wrote of the Eternal through mystical union Matheson has much to offer those interested in the inner life not least Christians in the Presbyterian tradition

**Explorations in Phenomenology** David Carr,E.S. Casey,2012-12-06 Contrary to popular belief professional philosophers want and need to be heard Lacking a large and general public in this country they turn to audiences of peers and rivals But these audiences are found either in giant

unfocused professional bodies or in restrictive groups of specialists In this respect the Society for Phenomenology and Existential Philosophy can claim a unique role among academic organizations in this country Now in its tenth year it has become one of the most important forums in America for the open exchange of ideas The Society has grown considerably since its founding and its annual meetings attract scholars in philosophy and other disciplines from across the country and abroad But these meetings differ markedly from others too large to be dominated by any single clique or doctrine they are at the same time small enough to encourage lively discussion within its organized sessions and not just in the corridors outside The Society derives its focus from the two closely allied philosophical directions indicated in its title Yet from the beginning it has included in its meetings a sizeable number of contributors who are not identified with or even sympathetic to these directions but are at least willing to engage in a dialogue with those who are Furthermore the Society has accomplished to a limited degree something rare indeed in American intellectual life an interdisciplinary ex 2 INTRODUCTION change
