Soul Remembers Hiroshima:

A Soul Remembers Hiroshima Dolores Cannon, 2020-03 A case of reincarnation where a Young American girl relives the life and death of a Japanese man through regressive hypnosis *Bottoming Out the Universe* Richard Grossinger, 2020-04-07 An exploration into consciousness the universe and the nature of reality Draws on transdimensional physics and biology reincarnation and past life memories animal consciousness multiple identities thoughtforms soul pictures and paranormal phenomena like crop circles and poltergeists Explores the riddle of personal identity and how it differs from consciousness Reveals that consciousness is more than encompassing all that exists it also speaks to what has yet to manifest Scientific orthodoxy views the universe as conceived of matter protons neutrons electrons down to the smallest particle quarks But when you keep digging what is beneath quarks The scientific worldview does not take into account consciousness or life itself How did consciousness become part of the material universe Is it a by product of brain chemistry or a constituent of reality Or to dig deeper which is more fundamental the existence of an objective physical universe or our subjective experience of it In this investigation into consciousness the universe and the nature of reality Richard Grossinger offers a wide ranging foundation for reimagining the universe as based in consciousness rather than matter He presents in depth analysis of the standard scientific description of the universe revealing the holes in its theories Exploring the interpenetration of matter and all reality by consciousness the author looks at reincarnation and past life memories examining famous and lesser known but verifiable accounts He then explores the nature and origin of consciousness with accompanying explorations of animal consciousness the brain as a computer multiple identities thoughtforms soul pictures and paranormal phenomena like UFOs faeries and poltergeists He also examines concepts from physics that combine elements of both consciousness and matter such as collapsing waveforms and the uncertainty principle of quantum mechanics Examining nonlocal and transpersonal modes of consciousness Grossinger looks at the difference between consciousness and personal identity He expands this discussion with reflections on Sethian cosmology using Seth's own words and Jane Roberts's and John Friedlander's interpretations He reveals that consciousness also encompasses what has yet to manifest and explains why the universe exists at all why there is something rather than nothing Skewering the materialist paradigm and placing consciousness alongside mass gravity and heat as an essential component of the universe Grossinger proposes that reality is a thoughtform where sentient beings collaborate to bring about a concrete realm vibrating at their own frequency Conversations with Nostradamus: Volume 1 Nostradamus (Spirit), Dolores Cannon, 1992 The third and final book in their series contains 132 additional quatrains written and deciphered by Nostradamus himself plus the exposure of bogus quatrains erroneously attributed to the great psychic Dolores Cannon has pierced the veil of the space time continuum by her use of regressive hypnosis to bring us warnings of events to come This volume continues to work through various subjects and completes the interpretation of all the known prophecies The Three Waves of

Volunteers & the New Earth Dolores Cannon, In 1945 when the atomic bombs were dropped in WWII our protectors and watchers in outer space saw that Earth was on a collision course with disaster The prime directive of non interference prevented them from taking any action but then they came up with a brilliant plan to save Earth and assist her in her ascension They couldn't interfere from the outside but maybe they could influence from the inside So the call went out for volunteers to come and help Earth is in trouble who wants to volunteer The native souls living on Earth were too caught up on the wheel of karma The only hope was to ask for pure souls to come who had never been trapped on the karmic cycle Dolores in her hypnosis work has discovered three waves of these volunteers Some have come direct from the Source and have never lived in any type of physical body before Others have lived as space beings on other planets or other dimensions Because all memory is erased upon entry to the Earth dimension they do not remember their assignment Thus these beautiful souls have a difficult time adjusting to our chaotic world These souls have a vital role to play as they help all of the rest of us ascend to the New Earth Characteristics of the Three Waves of Volunteers The Difficulties being Experienced by First Timers How the Shift is affecting the Physical Body The Roles of ETs and Light Beings in the Shift Keepers of the Grid The Separation of the Old and New Earth What is the New Earth What is the Significance of 2012 *Reincarnation* Joel Bjorling, 2013-08-21 First Published in 1996 You may have lived before As a matter of fact you may have experienced countless lifetimes This statement constitutes the basic premise of reincarnation which is also called transmigration and metempsychosis This volume explores the origins and development of the belief of reincarnation Let's Get Natural with Herbs Debra Rayburn, 2007 THE MOST COMPLETE A TO Z REFERENCE GUIDE TO UTILIZING HERBS FOR HEALTH AND BEAUTY THE HERBAL BIBLE EVERY REFERENCE LIBRARY SHOULD HAVE ON THEIR SHELF A much needed comprehensive reference guide to ensure the safe and effective use of herbs and their preparations Millions of people use vitamins or herbs along with prescription drugs and over the counter OTC medications Find out which herbs and other nutritional supplements can help prescriptions work better or reduce adverse reactions And which combinations are dangerous and should never be taken together Separates fact from fiction concerning herbal medicine Information on more than 400 botanicals ranging from well known herbs such as Chamomile and Ginseng to less familiar herbs such as Kava and Muirapuama Botanical remedies that enhance the body's ability to heal itself These safe non invasive therapies are proving to be more powerful than the often harmful drugs and surgeries that comprise the modern medicines of today Appropriate precautions adverse reactions and possible prescription drug and over the counter OTC interactions with the use of herbs and other nutritional supplements The only natural health reference book that is both comprehensive and user friendly **The Custodians** Dolores Cannon, 1998 UFO sightings and abductions by aliens were the beginning the tip of the iceberg Dolores Cannon's work in Hypnosis has taken the study beyond abduction Dolores traces the phenomenon from the simple to the complex Exploring areas untouched by other investigators she makes the unbelievable become acceptable and

understandable *Beyond Our World, Book 1 - Stellar Soul* David Rousseau,2023-09-05 I am a stellar soul from the Great Central Sun experiencing earth through this human avatar I quickly remembered that I was not from this world From the age of six to forty six very few knew of my experience except for those close to me It all began one evening in the summer of 1981 when I was playing outside I saw a bluish white light come down from the sky and position itself right above me It just stood there motionless The moment seemed to last forever When the object had gone back to the vertical and at an incredible speed I found myself in front of a being which was obviously not terrestrial humanoid in shape bluish skin with slight silver highlights large green eyes and long deep black hair It was Ezahyel my brother from the Pleiades He would come back to see me so that I would not forget who I was and where I came from Forty years later my first book was published *Au Del De Notre Monde* in which I relate my personal spiritual universal and galactic experiences *Five Lives Remembered* Dolores Cannon,2009 THE BEGINNING What do you do when you discover information that is before its time What do you do when your curiosity takes you on an adventure that is so bizarre that there is nothing normal to relate to This is what happened to Dolores Cannon in 1968 long before she began her career as a past life hypnotherapist and regressionist Travel back with us to that time when the words reincarnation past lives regression walk ins New Age were unknown to the general population This is the story of two normal people who accidentally stumbled across past lives while working with a doctor to help a patient relax It began so innocently yet it crossed the boundaries of the imagination to open up an entirely new way of thinking at a time when such a thing was unheard of It went totally against the belief systems of the time It was so startling that they should have stopped but their curiosity demanded that they continue to explore the unorthodox The experiment changed the participants and everyone involved and their beliefs would never be the same Dolores Cannon is now a world renowned hypnotherapist who has explored thousands of cases in the forty years since 1968 and has written fifteen books about her discoveries Her books are translated into more than 20 languages She is teaching her unique form of hypnosis all over the world When she lectures people ask How did you get started on all of this This is the story of her beginnings The book was written in 1980 her very first book It has laid dormant gathering dust until now waiting Now is the time for it to come forth Enjoy the adventure **Horns of the Goddess** Dolores Cannon,2022-12-06 In 1983 Dolores was working with several individuals who volunteered for sessions to help her hone her craft in hypnosis Over the years she had developed her own technique of hypnosis where the client would go into a very deep state of trance and was able to re live the past life they were seeing When these individuals went back to a time in the past it would be like they were actually there If there was something in our time that was not in their time they wouldn't know what you were talking about This book is about the past lives of three of these volunteers who went back to the time of the Druids and were giving information about how it was to live during this time and the difficulties that were experienced while trying to live with the faith of Mother Earth The Inquisition was always lurking around trying to find these special groups that were not of their religion and were trying to

force them to reveal information about their beliefs and practices The Inquisition believed these special groups had powers and too much influence on the regular people So come along with us and take the journey into the past As Dolores would say They thought they had gotten rid of us with the torches and burnings but we're back **The Convoluted Universe: Book 1** Dolores Cannon, 2007 Is it possible that you are living in other universes simultaneously with this one Do you travel back and forth between other dimensions without your conscious knowledge Could it be possible that you are only a splinter or fragment of a much larger soul Do parallel universes exist side by side with this one Are you living all your past and future lives at the same time What is the God Source These questions and many more are explored in this long awaited sequel to The Custodians This information proceeded beyond abduction into complicated metaphysics creating the need to explore more mind expanding *The Convoluted Universe: Book 3* Dolores Cannon, 2008 This sequel to The Convoluted Universe Book Two provides metaphysical information obtained through numerous subjects by hypnotic past life regression **The Search for Hidden, Sacred Knowledge** Dolores Cannon, 2014-12-21 Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools Much of this knowledge was lost through time due to disasters and destruction or death The knowledge was reserved for a select few who devoted their lives to understanding and teaching it Power of the Magdalene Stuart Wilson, Joanna Prentis, 2008 The long awaited compelling sequel of the best selling book The Essenes Children of the Light 1 What is the secret of Mary Magdalene's power 2 Who were the female disciples of Jeshua 3 Did Jeshua and Mary Magdalene have a child 4 How can we understand the New Children now being born 5 What changes will the New Consciousness bring into our lives This is the story of the Essenes and the female disciples of Jeshua who were deliberately marginalised and written out of the record This book focuses on the partnership of Jeshua and Mary Magdalene and culminates in the work of the Crystal Children who are just now being born This fascinating story was revealed through the process of past life regression and through the insight of an angelic being called Alariel This is the inner history of our planet as it has never been told before A narrative to inspire the spirit and warm the heart *Reincarnation* Lynn Kear, 1996-07-22 Over 500 books are described Each entry includes full bibliographic information a description of the contents and additionally in most cases an excerpt is included that gives the flavor of the book Pro and anti reincarnation sources are featured for this highly controversial subject An appendix lists organizations that are concerned with reincarnation This will be of interest to religious scholars and students and anyone interested in this fascinating topic *My Master's Sandals: Embrujo Uno* Mario Arturo Ramos, 2021-04-29 Where did we come from What are we doing here Are we alone in the universe Where can we get those answers This book is about an inner dialogue that started when I was a child and has led me to the answers within You might relate to my story of struggles and pain that most humans go through in the process of remembering who they really are My Master Sandals is a series of books on the road to enlightenment It reveals the interactions to which all people have access This book is a co creative experience written by two friends totally in tune
