## **Soul Beautiful:**

*The Concept of the Beautiful* Agnes Heller, 2012-02-01 The main purpose of this book is to explicate the problematic relationship between the heterogeneity of what is experienced as beautiful and the homogeneity of the conceptualization of that experience or attempt at such a conceptualization in the era of modern philosophy While the heterogeneity of what is experienced as beautiful was permitted and indeed celebrated in the dominant ancient conception for example in the Symposium and Phaedrus of Plato the need for homogenization in the later appropriation of Plato and in the Enlightenment period relegated the beautiful to the privileged domain of artworks In her analysis Agnes Heller provides a unique and significant emphasis on the original life content of the experience of the beautiful which becomes lost in the modern system of the arts This book details the history of the concept of the beautiful starting with what Agnes Heller distinguishes between the warm metaphysics of beauty and the cold one inspired by Plato's Janus faced relationship to beauty and ending with a fragmented yet hopeful vision propagated by Friedrich Nietzsche Walter Benjamin and Theodor W Adorno among others In between these two historical parentheses the metaphysical Plato on one hand and the post metaphysical Nietzsche Benjamin and Adorno on the other hand lay a plenitude of figures and intellectual developments all of which contributed to the demise of the concept of the beautiful in the Western metaphysical tradition The most important of these figures and developments are examined in this book

*The Beauty of the Trinity* Justin Coyle, 2023-01-03 In this book Justin Shaun Coyle remembers the theology of beauty of the forgotten Summa Halensis an early thirteenth century text written by Franciscan friars at the University of Paris Many scholars vaunt the Summa Halensis conceived but not drafted entirely by Alexander of Hales d 1245 for its teaching on beauty and its influence on giants of the high scholastic idiom But few read the text's teaching theologically as a teaching about God The Beauty of the Trinity A Reading of the Summa Halensis proposes an interpretation

of the Summa's beauty teaching as deeply and inexorably theological even trinitarian. The book takes as its keystone a passage in which the Summa Halensis identifies beauty with the sacred order of the divine persons. If beauty names a trinitarian structure rather than a divine attribute then the text teaches beauty where it teaches trinity. So *The Beauty of the Trinity* trawls the massive Summa Halensis for beauty across passages largely ignored by the literature. Taking seriously the Summa's own definition of beauty rather than imposing onto the text modernity's narrow aesthetic categories allows Coyle to identify beauty nearly everywhere across the text's pages in its teaching on the transcendental determinations of being on the trinity proper on creation on psychology on grace. A medieval text must teach beauty that appreciates beauty theologically beyond the constricted and anachronistic boundaries that often limit study of medieval aesthetics. Readers of medieval theology and theological aesthetics both will find in *The Beauty of the Trinity* a depiction of how an early scholastic summa thinks beauty according to the mystery of the trinity.

**Rethinking Christian Identity** Medi Ann Volpe, 2013-01-04. *RETHINKING CHRISTIAN IDENTITY* A brilliant compelling agenda setting book Volpe has written this thoughtful passionate informed critique that invites us all to think through precisely what is involved in being formed in the Christian tradition. Ian Markham Virginia Theological Seminary. A model for those of us who seek to combine the vocations of academic theology and pastoral ministry. *Rethinking Christian Identity* offers a compelling vision of Christian formation. Volpe deftly shapes her vision in conversation with contemporary theologians and voices from the history of the Church combining erudition with a passion for Christian discipleship.

Kathryn Greene McCreight St John's Episcopal Church. Recent decades have seen major shifts in our understanding of Christian identity. This timely book explores contemporary theological theory in asking what makes a Christian in the twenty first century what unites and sets Christians apart from other social or political groups and how is this identity forged and then passed on to others. Volpe engages with these changing ideas through the work of Kathryn Tanner Rowan Williams and John Milbank whose accounts of Christianity challenge older views. Drawing these theologians into conversation with Gregory of Nyssa she clearly and persuasively discusses the importance of doctrine in identity formation the unexplored ideas of the significance of sin on Christian identity and its effects and the need

for an inclusive account of Christian identity As Christianity declines in parts of the Western world and yet expands in others the nature of Christian identity is more crucial and vexed than ever before This important book makes a valuable contribution to these ongoing debates      **Spider-webs in Verse; A Collection of Lyrics for Leisure Moments, Spun at Idle Hours**

Augustine s dominant image for the human life is peregrinatio which signifies at once a journey to the homeland a pilgrimage and the condition of exile from the homeland For Augustine all human beings are in the earthly life exiles from their true homeland heaven Some but not all become pilgrims seeking a way back to the heavenly homeland a return mediated by the incarnate Christ Becoming a pilgrim begins with attraction to beauty The return journey therefore involves formation both moral and aesthetic in loving rightly This image has occasioned a lot of angst in ethical thought in the last century Augustine s vision of Christian life as a pilgrimage his critics allege casts a pall of groaning and longing over this life in favor of happiness in the next Augustine s eschatological orientation robs the world of beauty and ethics of urgency In Pilgrimage as Moral and Aesthetic Formation in Augustine s Thought Sarah Stewart Kroeker responds to Augustine s critics by elaborating the Christological continuity between the earthly journey and the eschatological home Through this cohesive account of pilgrimage as a journey toward the right ordering of the desire for beauty and love for God and neighbour Stewart Kroeker reveals the integrity of Augustine s vision of moral and aesthetic vision From the human desire for beauty to the embodied practice of Christian sacraments Stewart Kroeker develops an account of the relationship between beauty and morality as the linchpin of an Augustinian moral theology      Good Health ,1898      Homilies: On the Acts of the apostles. 1851-52 Saint
