

Speaking Desires can be Dangerous

The Poetics of the Unconscious

ELIZABETH WRIGHT

Speaking Desires

Ariel Evan Mayse

Speaking Desires:

Speaking Desires can be Dangerous Elizabeth Wright, 2013-05-20 This new book is a lively and original study of psychoanalysis and its relations to the arts

Failing Desire Karmen MacKendrick, 2017-12-04 Luckily for human diversity we are perfectly capable of desiring impossible things Failing Desire explores a particular set of these impossibilities those connected to humiliation These include the failure of autonomy in submission of inward privacy in confession of visual modesty in exhibition and of dignity in playing various roles Historically those who find pleasure in these failures range from ancient Cynics through early Christian monks to those now drawn by queer or perverse eroticism As Judith Halberstam pointed out in The Queer Art of Failure failure can actually be a mode of resistance to demands for what a culture defines as success Karmen MacKendrick draws on this interest in queer refusals To value desire or seek humiliation undercuts any striving for success but it draws our attention particularly to the failures of knowledge as a form of power whether that knowledge is of one body or of a population How can we understand will that seeks not to govern itself psychology that constructs inwardness by telling all blushing shame that delights in exposure or dignity that refuses its lofty position Failing Desire suggests that the power of these desires and pleasures comes out of the very realization that this question can never quite be answered

Sites of Desire/Economies of Pleasure Lenore Manderson, Margaret Jolly, 1997-08-18 List of Illustrations Preface Introduction Sites of Desire Economies of Pleasure in Asia and the Pacific Lenore Manderson Margaret Jolly Ch 1 Educating Desire in Colonial Southeast Asia Foucault Freud and Imperial Sexualities Ann Staler Ch 2 Contested Images and Common Strategies Early Colonial Sexual Politics in the Massim Adam Reed Ch 3 Gaze and Grasp Plantations Desires Indentured Indians and Colonial Law in Fiji John D Kelly Ch 4 From Point Venus to Bali Ha i Eroticism and Exoticism in Representations of the Pacific Margaret Jolly Ch 5 Parables of Imperialism and Fantasies of the Exotic Western Representations and Thailand Place and Sex Lenore Manderson Ch 6 Primal Dream Masculinism Sin and Salvation in Thailand s Sex Trade Annette Hamilton Ch 7 Kathoey Copyright Libri GmbH All rights reserved

Desire G. F. Schueler, 1995 Does action always arise out of desire G F Schueler examines this hotly debated topic in philosophy of action and moral philosophy arguing that once two senses of desire are distinguished roughly genuine desires and pro attitudes apparently plausible explanations of action in terms of the agent s desires can be seen to be mistaken Desire probes a fundamental issue in philosophy of mind the nature of desires and how if at all they motivate and justify our actions At least since Hume argued that reason is and of right ought to be the slave of the passions many philosophers have held that desires play an essential role both in practical reason and in the explanation of intentional action G F Schueler looks at contemporary accounts of both roles in various belief desire models of reasons and explanation and argues that the usual belief desire accounts need to be replaced Schueler contends that the plausibility of the standard belief desire accounts rests largely on a failure to distinguish desires proper like a craving for sushi from so called pro attitudes which may take the form of beliefs

and other cognitive states as well as desires proper Schueler's deliberative model of practical reasoning suggests a different view of the place of desire in practical reason and the explanation of action He holds that we can arrive at an intention to act by weighing the relevant considerations and that these may not include desires proper at all A Bradford Book

Embracing Desire Louis Roy, 2019-07-10 In this book Louis Roy criticizes two different attitudes concerning our desires either we are wary of our desires because of their potentially negative effects or we try to satisfy as many of them as we can Both attitudes focus on desires without examining the issue of desire The solution is neither to suspect nor to multiply our various desires but rather to intensify desire Once desire has intensified we can accept our desires and identify some of them as priorities for us to fulfill We will then proceed not only with motivation but also with detachment and therein lies the key to happiness Any human being wishes to be granted personal value as a unique individual worthy of respect And we long to be desired by the person or persons we desire Moreover because of our infinitude we are able to wonder if an infinite being whom we respect without reserve can find us desirable The author explores this basic concern and describes the relationship of mutual desire between Jesus and his first disciples Thus this book will appeal to educated readers interested in spirituality psychology literature catechesis and pastoral ministry

Landscapes of Desire in the Poetry of Vittorio Sereni Francesca Southerden, 2012-01-12 This is the first book length study in English on Vittorio Sereni 1913-83 a major figure in Italian 20th century poetry It argues that a key innovation of Sereni's poetry is the way in which it reworks the boundaries of poetic space to construct a lyric I radically repositioned in the textual universe with respect to its predecessors

Introduction to Social Solipsism Jack Dunietz, 2011-01-22 Diary dated June 12 Prologue through July 1 Epilogue whose academic text the thesis is embodied in the footnotes

Speaking Infinities Ariel Evan Mayse, 2020-05-08 A study of the life and work of the Maggid a major figure in the mystical thought of early Hasidism Enshrined in Jewish memory simply as the Maggid preacher Rabbi Dov Ber Friedman of Mezritsh 1704-1772 played a critical role in the formation of Hasidism the movement of mystical renewal that became one of the most important and successful forces in modern Jewish life In *Speaking Infinities* Ariel Evan Mayse turns to the homilies of the Maggid to explore the place of words in mystical experience He argues that the Maggid's theory of language is the key to unpacking his abstract mystical theology as well as his teachings on the devotional life and religious practice Mayse shows how Dov Ber's vision of language emerges from his encounters with Ba'al Shem Tov the BeSHT the founder of Hasidic Judaism whose teaching put forward a vision of radical divine immanence Taking the BeSHT's notion of God's immanence as a kind of linguistic vitality echoing in the cosmos Dov Ber developed a theory of language in which all human tongues even in their mundane forms have the potential to become sacred when returned to their divine source Analyzing homilies and theological meditations on language Mayse demonstrates that Dov Ber was an innovative thinker and contends that in many respects it was Dov Ber rather than the BeSHT who was the true founder of Hasidism as it took root and the foremost shaper of its early theology *Speaking Infinities* offers an exploration of this introspective mystic's

life gleaned from scattered anecdotes legends and historical sources distinguishing the historical personage from the figure that emerges from the composite array of textual and oral traditions that have shaped the memory of the Maggid and his legacy

Of Maybugs and Men Pieter R. Adriaens, Andreas De Block, 2022-12-21 A much needed exploration of the history and philosophy of scientific research into male homosexuality Questions about the naturalness or unnaturalness of homosexuality are as old as the hills and the answers have often been used to condemn homosexuals their behaviors and their relationships In the past two centuries a number of sciences have involved themselves in this debate introducing new vocabularies theories arguments and data many of which have gradually helped tip the balance toward tolerance and even acceptance In this book philosophers Pieter R Adriaens and Andreas De Block explore the history and philosophy of the gay sciences revealing how individual and societal values have colored how we think about homosexuality The authors unpack the entanglement of facts and values in studies of male homosexuality across the natural and human sciences and consider the extent to which science has mitigated or reinforced homonegative mores The focus of the book is on homosexuality s assumed naturalness Geneticists rephrased naturalness as innateness claiming that homosexuality is innate colloquially that homosexuals are born gay Zoologists thought it a natural affair documenting its existence in myriad animal species from maybugs to men Evolutionists presented homosexuality as the product of natural selection and speculated about its adaptive value Finally psychiatrists who initially pathologized homosexuality eventually appealed to its naturalness or innateness to normalize it Discussing findings from an array of sciences comparative zoology psychiatry anthropology evolutionary biology social psychology developmental biology and machine learning this book is essential reading for anyone interested in what science has to say about homosexuality

An Introduction to Psychoanalytic Theory of Motivation Walter Toman, 2013-10-22 An Introduction to Psychoanalytic Theory of Motivation details the fundamental concepts in applying the psychoanalytic theory in understanding motivation The title addresses the shortcomings of the psychoanalytic theory particularly the lack of scientific literature The first part of the text covers the critical concepts in psychoanalytic theory such as the psychological forces defense mechanisms superego and primal desires In the second part the selection details the theory at work this part discusses the major stages of life from a psychoanalytic perspective The text also talks about a system of psychopathology along with the consideration to take in psychotherapy The book will be of great interest to students researchers and practitioners of behavioral science

Unveiling the Power of Verbal Artistry: An Psychological Sojourn through **Speaking Desires**

In a global inundated with monitors and the cacophony of instantaneous transmission, the profound power and mental resonance of verbal artistry usually fade into obscurity, eclipsed by the continuous assault of noise and distractions. Yet, nestled within the lyrical pages of **Speaking Desires**, a captivating perform of literary elegance that impulses with fresh emotions, lies an unique trip waiting to be embarked upon. Written by way of a virtuoso wordsmith, that mesmerizing opus guides viewers on a mental odyssey, gently revealing the latent possible and profound affect stuck within the complex web of language. Within the heart-wrenching expanse of the evocative analysis, we shall embark upon an introspective exploration of the book is main themes, dissect their fascinating writing type, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
