Spectrum Of Catholic Attitudes:

Spectrum of Catholic Attitudes Robert Campbell, William F. Buckley (Jr.), 1969 *Catholic Intellectuals and Conservative Politics in America, 1950-1985* Patrick Allitt, 2019-01-24 At the end of World War II conservatism was a negligible element in U S politics but by 1980 it had risen to a dominant position Patrick Allitt helps explain the remarkable growth of the contemporary conservative movement in the light of Catholic history in the United States Allitt focuses on the role of individual Catholics against a backdrop of volatile cultural change showing how such figures as William F Buckley Jr Garry Wills John T Noonan Jr Michael Novak John Lukacs Thomas Molnar Russell Kirk Clare Boothe Luce Ellen Wilson Charles Rice and James McFadden forged a potent anti liberal intellectual tradition Catholic Intellectuals and Conservative Politics in America 1950 1985 is much more than a history of conservative Catholics for it illuminates critical themes in postwar American society As Allitt narrates the interplay of liberal and conservative politics among Catholics he unfolds a history both intricate and sweeping After describing how New Conservatism was shaped in the 1950s by William F Buckley Jr and an older generation of Catholic thinkers including Ross Hoffman and Francis Graham Wilson Allitt traces the range of Catholic responses to the cataclysmic events of the 1960s the election of John F Kennedy the civil rights movement the decolonization of Africa Supreme Court decisions on school prayer the war in Vietnam and nuclear arms proliferation He shows how the transformation of the Church prompted by the Second Vatican Council not only intensified existing divisions among Catholics but also shattered the unity of the Catholic conservative movement Turning to the 1970s Allitt chronicles bitter controversies concerning family roles contraception abortion and gay rights Next comparing the work of John Lukacs Thomas Molnar Garry Wills and Michael Novak from the 1950s through the 1980s Allitt demonstrates how individual Catholic conservatives drew different lessons from similar contingencies He concludes by assessing recent ideological shifts within American Catholicism using as his test case the conservative resistance to the Catholic Bishops 1983 Pastoral Letter on Nuclear Weapons Offering new insight into the subtle interplay between religion and politics Catholic Intellectuals and Conservative Politics in America 1950 1985 will be engaging reading for everyone interested in the postwar evolution of American politics and culture

Catholic School Journal , 1969 **Defending the Gospel in Legal Style** John Warwick Montgomery, 2017-10-25 Traditional apologetics is either focused on obscure quasi Thomist philosophical arguments for God s existence or on 18th century style answers to alleged biblical contradictions But a new approach has recently entered the picture the juridical defence of historic Christian faith with its particular concern for demonstrating Jesus s deity and saving work for humankind The undisputed leader of this movement is John Warwick Montgomery emeritus professor of law and humanities University of Bedfordshire England and director International Academy of Apologetics Evangelism and Human Rights Strasbourg France His latest book of more than sixty published during his career shows the strength of legal apologetics its arguments drawn from secular legal reasoning can be rejected only at the cost of jettisoning the legal system itself on which every civilised

society depends for its very existence The present work also includes theological essays on vital topics of the day characterised by the author's well known humour and skill for lucid communication

American Zionism: Missions and Politics Jeffrey Gurock, 2014-02-04 The final volume comprises articles which take a look at the political movement for the establishment of a national homeland for the Jewish people The twenty one articles cover subjects such as the historical emergence of Zionism attitudes towards the Zionist and Anti Zionist movements in America and the developments of trusteeship for the Palestine

The Suicide of Christian Theology John Warwick Montgomery, 2018-01-26 A forceful scholarly call to return to the solid ground of the ancient creeds of Christianity Dr Montgomery's incisive observations on Barth Bultmann Tillich de Chardin Pike and others may rankle some readers on occasion But there can never be any question about the mental acumen he brings to bear upon his subject or the skill with which he pens his views Montgomery is so obviously at home in the area of the theological and so conversant with the convictions of his fellow theologians that he certainly must be reckoned with Not content with only analyzing the suicide of theology the author also gives a proposal for its resurrection

Christ as Centre and Circumference John Warwick Montgomery, 2012-07-23 Endorsements Dr Montgomery's latest book is one that every serious reader interested in clear Christian thinking should have on a table near her most comfortable reading chair It is filled with a wide variety of bite sized essays that are absolutely delightful knowledgeable fun witty and unexpected If you have never read the work of J W Montgomery before you are in for a treat This is a book that brings together his best writing from the past with his latest essays It's a Christian feast of ideas that celebrates our Lord and His unfailing Word Craig J Hazen Ph D Director MA Program in Christian Apologetics Biola University What makes J W Montgomery tick What has driven him over a massively productive career to such wide ranging interests as computers and Chemnitz legal theory and apologetics human rights and Christology Dawkins and Duchamp The answer is clear the gospel of Jesus Christ and its defense articulation and application to the real world in which the Word became flesh died and rose again as the Savior Many of our best confessional era theologians both Lutheran and Reformed were Renaissance men but that's rarely the case today Dr Montgomery is a glaring exception and this book is a wonderful display of that full scope of his remarkable insights While being an ardent defender of the Lutheran confession he is far from parochial Even in places where one might disagree the clarity logic and relentless rigor of his arguments will kindle fires in hearths that we didn't even know we had and make us better advocates for the gospel Dr Michael Horton J Gresham Machen Professor of Systematic Theology and Apologetics Westminster Seminary California About the Contributor's John Warwick Montgomery is Professor Emeritus of Law and Humanities University of Bedfordshire England Distinguished Research Professor of Philosophy and Christian Thought Patrick Henry College Virginia U S A and Director International Academy of Apologetics Evangelism and Human Rights Strasbourg France He holds ten earned degrees besides a Doctorate in Philosophy from the University of Chicago the Doctorat d Universit from Strasbourg France and the LL M and LL D from the

Catholics Writing the Nation in Early Modern Britain and Ireland Christopher Highley, 2008-07-10 After the accession of the Protestant Elizabeth the Catholic imagining of England was mainly the project of the exiles who had left their homeland in search of religious toleration and foreign assistance BOOK JACKET The Medium and the Light Michael McLuhan, 2010-03-01 Say the name Marshall McLuhan and you think of the great discoverer's explorations of the media But throughout his life McLuhan never stopped reflecting profoundly on the nature of God and worship and on the traditions of the Church Often other intellectuals and artists would ask him incredulously Are you really a Catholic He would answer Yes I am a Catholic the worst kind a convert leaving them more baffled than before Here like a golden thread lining his public utterances on the media are McLuhan's brilliant probes into the nature of conversion the church's understanding of media the shape of tomorrow's church religion and youth and the God-making machines of the modern world This fascinating collection gathered from his many and scattered remarks essays and other writings shows the deeply Christian side of a man widely considered the most important thinker of our time a man whose insights into media and culture have revolutionized the field of media study and the way we see the world *Crisis in Lutheran Theology, Vol. 3* John Warwick Montgomery, 2020-06-17 All Three volumes deal with the issue of biblical inerrancy that the Bible is completely true and accurate not only when it speaks to ideas of religious belief but also when it speaks about factual elements of history and science properly understood This issue rocked the Lutheran Church Missouri Synod back in the late 1960s and early 1970s prompting the release of the first two volumes Volume one consists of essays by John Warwick Montgomery himself and is addressed primarily to theologians Volume two consists of an anthology by eight separate Lutheran contributors and is addressed to laymen as well as professional theologians Volume 3 contains new never before published material and consists of essays by Dr Montgomery outlining a new challenge along the same lines Dr Jeffery Kloha suggested a few years ago with the latest critical edition of the New Testament Nestle Aland 28th Edition because of the interchangeability of some variant readings that we now had a plastic text Dr Montgomery goes up against this assertion with everything he has Though obviously addressing themselves primarily to Lutheranism the materials are to a large degree equally applicable to many of the other Christian communions and will be found to be extremely valuable in assessing the needs of a variety of denominations
