Hale, **Bulletin**, 1908 *Status and Value of Music in Education* Rose Yont, 1916 **Music News**, 1929 *Musicians' Magazine*, 1928 **Music and Musicians**, 1922 Musical Observer, 1917 The Etude, 1907 Includes music **Catalogue of English Song Books Forming a Portion of the Library of Sir John Stainer** John Stainer, 1891 **Song** Carol Kimball, 2006-12-01 Book Carol Kimball's comprehensive survey of art song literature has been the principal one volume American source on the topic Now back in print after an absence of several years this newly revised edition includes biographies and discussions of the work of 150 composers of various nationalities as well as articles on styles of various schools of composition *Musical Forecast*, 1929 **Catalog** James Millikin University, 1912 The International Cyclopedia of Music and Musicians Oscar Thompson, 1975 *The Etude Music Magazine*, 1926 *A Social History of Amateur Music-Making and Scottish National Identity: Scotland's Printed Music, 1880-1951* Karen E. McAulay, 2024-10-30 Late Victorian Scotland had a flourishing music publishing trade evidenced by the survival of a plethora of vocal scores and dance tune books and whether informing us what people actually sang and played at home danced to or enjoyed in choirs or reminding us of the impact of emigration from Britain for both emigrants and their families left behind examining this neglected repertoire provides an insight into Scottish musical culture and is a valuable addition to the broader social history of Scotland The decline of the music trade by the mid twentieth century is attributable to various factors some external but others due to the conservative and perhaps somewhat parochial nature of the publishers output What survives bears witness to the importance of domestic and amateur music making in ordinary lives between 1880 and 1950 Much of the music is now little more than a historical artefact Nonetheless Karen E McAulay shows that the nature of the music the song and fiddle tune books contents the paratext around the

collections its packaging marketing and dissemination all document the social history of an era whose everyday music has often been dismissed as not significant or indeed properly old enough to merit consideration The book will be valuable for academics as well as folk musicians and those interested in the social and musical history of Scotland and the British Isles
