Songs of the Loire, and other poems. [The preface signed Peter the Hermit.], 1834      **Songs of the Loire, and other poems [signed Peter the hermit]**. Christopher Edward Lefroy, 1834      **Songs of the Loire, and Other Poems** Loire, 1834      **Composers and their Songs, 1400-1521** David Fallows, 2023-05-31 This second selection of essays by David Fallows draws the focus towards individual composers of the long fifteenth century and what we can learn about their songs In twenty one essays on the secular works of composers from Ciconia and Oswald von Wolkenstein via Binchois Ockeghem Busnoys and Regis to Josquin Henry VIII and Petrus Alamire one repeated theme is how a consideration of the songs can help the way to a broader understanding of a composer's output Since there are more song sources and more individual pieces now available for study there are more handles for dating for geographical location and for social alignment Another theme concerns the various different ways in which particular songs have their impact on the next generations Yet another concerns the authorship of poems that were set to music by Binchois and Ciconia in particular A group of essays on Josquin were parerga to the author's edition of his four voice secular music for the New Josquin Edition 2005 and to his monograph on the composer 2009      **Songs, Scribes, and Society** Jane Alden, 2010-09-28 A new kind of songbook emerged in the later fifteenth century personalized portable and lavishly decorated Five closely related chansonniers copied in the Loire Valley region of central France c 1465 c 1475 are the earliest surviving examples of this new genre The Loire Valley Chansonniers preserve the music of such renowned composers as Guillaume Du Fay Johannes Ockeghem and Antoine Busnoys But their importance as musical sources has overshadowed the significance of these manuscripts as artifacts in their own right This book places the physical objects at center investigating the means by which they were produced and the broader culture in which they circulated Jane Alden performs a codicological autopsy upon the manuscripts and reveals the hitherto unrecognized role of scribes in shaping the transmission and reception of the chanson repertory Alden also challenges the long held belief that the Loire Valley Chansonniers were intended for royal or noble patrons Instead she argues that a rising class of bureaucrats notaries secretaries and other court officials commissioned these exquisite objects Active as writers and participants in poetry competitions these individuals may even have written some of the chansons texts The unique integration of image text and music found in chansonniers extends their appeal to a broad readership But for the nineteenth century scholars who rediscovered these manuscripts the larger literary and visual resonances were not of primary interest Alden documents the tangle of motivations national identity populist politics and the rise of the musical masterwork that informed the earliest writings on these books Only now is their multifaceted structure the inspiration for a new generation of readers      **The Lady's Magazine and Museum of the Belles-lettres, Fine Arts, Music, Drama, Fashions, Etc**, 1834      *Essays on Renaissance Music in Honour of David Fallows* Fabrice Fitch, Jacobijn Kiel, 2011 New articles on du Fay and Desprez on sacred and secular music and reception history form a fitting tribute to one of the field's
