possibilities of shifting our perspectives to reflect on stories told and untold and to advocate for the inclusion of fragmented and peripheral pieces within the kaleidoscope for more complex understandings of individual and collective subjectivities This book is intended for readers interested in how colonial legacies are performed in the U S Southwest particularly in the context of New Mexico Texas and Arizona Readers will relate to the book s personal narrative thread that provides a path to understanding fragmented identities

Bergmann, Stacey Schlau, 2017-04-28 Called by her contemporaries the Tenth Muse Sor Juana Inés de la Cruz 1648-1695 has continued to stir both popular and scholarly imaginations While generations of Mexican schoolchildren have memorized her satirical verses only since the 1970s has her writing received consistent scholarly attention focused on complexities of female authorship in the political religious and intellectual context of colonial New Spain This volume examines those areas of scholarship that illuminate her work including her status as an iconic figure in Latin American and Baroque letters popular culture in Mexico and the United States and feminism By addressing the multiple frameworks through which to read her work this research guide serves as a useful resource for scholars and students of the Baroque in Europe and Latin America colonial Novohispanic religious institutions and women's and gender studies The chapters are distributed across four sections that deal broadly with different aspects of Sor Juana's life and work institutional contexts political economic religious intellectual and legal reception history literary genres and directions for future research Each section is designed to provide the reader with a clear understanding of the current state of the research on those topics and the academic debates within each field *Contemporary Chicana Literature: (Re)Writing the Maternal Script* Cristina Herrera, 2014-03-28 Despite the growing literary scholarship on Chicana writers few if any studies have exhaustively explored themes of motherhood maternity and mother-daughter relationships in their novels When discussions of motherhood and mother-daughter relationships do occur in literary scholarship they tend to mostly be a backdrop to a larger conversation on themes such as identity space and sexuality for example Mother-daughter relationships have been ignored in much literary criticism but this book reveals that maternal relationships are crucial to the study of Chicana literature more precisely examining maternal relationships provides insight to Chicana writers' rejection of intersecting power structures that otherwise silence Chicanas and women of color This book advances the field of Chicana literary scholarship through a discussion of Chicana writers' efforts to re-write the script of maternity outside of existing discourses that situate Chicana mothers as silent and passive and the subsequent mother-daughter relationship as a source of tension and angst Chicana writers are actively engaged in the process of re-writing motherhood that resists the image of the static disempowered

Chicana mother on the other hand these same writers engage in broad representations of Chicana mother daughter relationships that are not merely a source of conflict but also a means in which both mothers and daughters may achieve subjectivity While some of the texts studied do present often conflicted relationships between mothers and their daughters the novels do not comfortably accept this script as the rule rather the writers included in this study are highly invested in re writing Chicana motherhood as a source of empowerment even as their works present strained maternal relationships Chicana writers have challenged the pervasiveness of the problematic virgin whore binary which has been the motif on which Chicana womanhood motherhood has been defined and they resist the construction of maternity on such narrow terms Many of the novels included in this study actively foreground a conscious resistance to the limiting binaries of motherhood symbolized in the virgin whore split The writers critically call for a rethinking of motherhood beyond this scope as a means to explore the empowering possibilities of maternal relationships This book is an important contribution to the fields of Chicana Latina and American literary scholarship

*[Un]framing the "Bad Woman"* Alicia Gaspar de Alba, 2014-07-15 What the women I write about have in common is that they are all rebels with a cause and I see myself represented in their mirror asserts Alicia Gaspar de Alba Looking back across a career in which she has written novels poems and scholarly works about Sor Juana In s de la Cruz la Malinche Coyolxauhqui the murdered women of Ju rez the Salem witches and Chicana lesbian feminists Gaspar de Alba realized that what links these historically and socially diverse figures is that they all fall into the category of bad women as defined by their place culture and time and all have been punished as well as remembered for rebelling against the frames imposed on them by capitalist patriarchal discourses In *Un Framing the Bad Woman* Gaspar de Alba revisits and expands several of her published articles and presents three new essays to analyze how specific brown female bodies have been framed by racial social cultural sexual national regional historical and religious discourses of identity as well as how Chicanas can be liberated from these frames Employing interdisciplinary methodologies of activist scholarship that draw from art literature history politics popular culture and feminist theory she shows how the bad women who interest her are transgressive bodies that refuse to cooperate with patriarchal dictates about what constitutes a good woman and that queer alter the male centric and heteronormative history politics and consciousness of Chicano Mexicano culture By unframing these bad women and rewriting their stories within a revolutionary frame Gaspar de Alba offers her compa eras and fellow luchadoras empowering models of struggle resistance and rebirth
