the Sea Kerri Keberly, 2024-06-15 A nymph destined to be a queen and the god who'll do anything to be the king she needs Amphitrite spends her days caring for creatures of the sea desiring nothing more than a serene life of peace and harmony under the waves When her tranquil existence is shattered by the arrival of the tempestuous Poseidon ruler of the deep she finds herself questioning those desires Captivated by more than her graceful dancing Poseidon is wholly and utterly taken with Amphitrite Overwhelmed by the prospect of ruling as his queen she flees leaving her more ambitious sister to take her place Unwilling to settle for another Poseidon sends his trusted companion to find Amphitrite and convince her there is more to him than stormy seas and violent earthquakes Reluctantly Amphitrite agrees to hear Poseidon out challenging him to prove that beneath his stormy exterior lies a heart capable of change Yet within the opulent halls of his undersea palace Poseidon discovers that winning her heart may require more than mere words as Amphitrite's silent resolve proves to be a force even he cannot resist Discover a world where the bonds of family can sometimes be the ties that hold us back from our destiny The Sorrow and the Sea reimagines the myth of Poseidon and Amphitrite an untold story of what it means to let go of preconceived notions and find true happiness A Grand Complication Stacy Perman, 2013-02-19 Two wealthy and powerful

Jewish Studies as Counterlife

Adam Zachary Newton,2019-06-04 This book tells the story of a Jewish Studies that hasn t fully happened at least not yet Newton asks what we mean when we say Jewish Studies and when we imagine it not as mere amalgam but as a project

Jewish Studies offers a unique perspective from which to view the horizon of the academic humanities because although it arrived belatedly it has spanned a range of disciplinary locations and configurations from an origin story in nineteenth century historicism and philology to the emancipatory politics of the Enlightenment to the ethnicity driven pluralism of the postwar decades to more recent configurations within an interdisciplinary cultural studies. The conflicted allegiances with respect to traditions, disciplines, divisions, stakes and stakeholders represent the structural and historical situation of the field as it comes into contact with the humanities more broadly. At once a literary and philosophical thinker, Newton deploys a tableau of texts in concert with an ensemble of vivid elastic tropes not only to theorize Jewish Studies but also to reimagine it as an agent of that potency. Jacques Derrida calls leverage a force multiplier for the field's multiple possibilities. In refiguring a Jewish Studies to come, the book intervenes in a broader discourse about the challenge of professing disciplinary knowledges while promoting transit across their boundaries. Jewish Studies as Counterlife further amplifies Newton's career long articulation of the dialogic as the staging ground of ethical encounter.

When the Yellow River Floods Hui-Lin Hsu, 2024-01-09. *When the Yellow River Floods* explores the relationship between environmental degradation, hydraulic engineering and nation building in the context of Liu E's *The Travels of Lao Can*. This book contributes to the field by providing a unique perspective on modern Chinese literary history that goes beyond conventional narratives that focus solely on political and cultural factors. The main areas covered include the role of water management in literary nation building and the connections between the novel's various themes such as river engineering, medical and political discourses, national sentiment and landscape description. The book is targeted toward scholars and students of Chinese literature history and environmental studies as well as those interested in the intersections between literature, nation building and environmental challenges. By offering a comprehensive and material based analysis of *The Travels of Lao Can*, this book broadens the understanding of nation building in early twentieth century China, highlighting the impact of environmental crises and hydraulics on the formation of national literature and consciousness. The book provides a new perspective on the environmental roots of modern Chinese literature, making it an essential read for those seeking to understand the complex interplay between literature, the environment and national identity in China.

A Modern Jewish Perspective on the Gospel of John Charles David Isbell, 2022-06-08. Did Jesus really call the Jews of his day children of the devil? Would he label Jews of today the same way? Did the Jews kill Jesus and then violently expel from the synagogue anyone who accepted him as a promised Messiah? The Christian church has found answers to these and other similar questions in the Gospel of John. But Jewish readers are justifiably offended by many of John's answers. The eleven essays offered here present facts everyone should know. They are written by a modern Jewish scholar responding to troubling questions about John raised over a period of more than forty years by his university students, by congregants in synagogues he has served as spiritual guide, rabbi and by Christian colleagues with whom he has worked throughout his long career. Designed to engage thoughtful readers from

every religious background these essays encourage questions and suggest plausible answers to the problems in John by illustrating the difference between the answers of John and the facts of history They also compare John s Jesus with the teachings of the modern church about the treatment of others love for all humanity and the wholeness of body and spirit
