**The Sound of Murder** William Fairchild, Grand Theatre Collection (University of Guelph), Marjorie Lister, London Little Theatre, 1959\* [The Sound of Murder](#) Joseph Zellnik, 2025-03-27

**Sound in the American Horror Film** Jeffrey Bullins, 2024-07-11 The crack of thunder a blood curdling scream creaking doors or maybe complete silence Sounds such as these have helped frighten and startle horror movie audiences for close to a century Listen to a Universal classic like Dracula or Frankenstein and you will hear a very different soundtrack from contemporary horror films So how did we get from there to here What scared audiences then compared to now This examination of the horror film's soundtrack builds on film sound and genre scholarship to demonstrate how horror perhaps more than any other genre utilizes sound to manipulate audience response Beginning with the Universal pictures of the early 1930s and moving through the next nine decades it explores connections and contrasts throughout the genre's technical and creative evolution New enthusiasts or veteran fans of such varied films as The Mummy Cat People The Day the Earth Stood Still Psycho Halloween A Nightmare on Elm Street Scream The Conjuring Paranormal Activity and A Quiet Place will find plenty to explore and perhaps a new sonic appreciation within these pages

**Sound effects** Laura Jayne Wright, 2023-06-27 This book shows that the sounds of the early modern stage do not only signify but are also significant Sounds are weighted with meaning offering a complex system of allusions Playwrights such as Jonson and Shakespeare developed increasingly experimental soundscapes from the storms of King Lear 1605 and Pericles 1607 to the explosive laboratory of The Alchemist 1610 Yet sound is dependent on the subjectivity of listeners this book is conscious of the complex relationship between sound as made and sound as heard Sound effects should not resound from scene to scene without examination any more than a pun can be reshaped in dialogue without acknowledgement of its shifting connotations This book listens to sound as a rhetorical device able to penetrate the ears and persuade the mind to influence and to affect

*Insistent Images* Elżbieta Tabakowska,Christina Ljungberg,Olga Fischer,2007-03-14 *Insistent Images* presents a number of new departures dealing with iconicity on the conceptual and the structural levels On the level of structure the interface between different aspects of iconicity lexical meaning and grammar is discussed in reference to both spoken and signed languages Novel approaches to aural iconicity investigate a wide range of phenomena from phonological iconicity to the role of iconic features in discourse in the nineteenth century practice of reading aloud in the almost magic incantations of fin de siècle poetry and in Tolkien's invented languages Several papers examine the function of iconicity in visual and avant garde poetry where iconic features allow a reduction of means which paradoxically generates textual diversification and complexity A discussion of iconic text strategies shows how texts are comprehended through iconic holistic transfer from complex natural and action patterns Literature which integrates text image and physical space is another novel area of study as are the investigations into the iconic properties of film and of multimedia performance Film

is intrinsically iconic while at the same time being like photography indexical in multimedia performance on the other hand iconicity functions intermedially by both integrating and reflecting processes of perception and conceptualization These last two new fields of inquiry further enhance this truly interdisciplinary volume s explorations of icons as insistent images

**An American Dictionary of the English Language** Noah Webster,1895      **The Sound of Murder** William Fairchild,1960 A writer of children s stories is popular in his field by not at home where he is a calculating sadist His wife turns to another man for affection and eventually the two of them devise a fool proof plan to do away with the husband Unfortunately however the writer s frustrated secretary learns of it and uses her information to trap the other man into marriage after he has killed the husband They go away together and the police are led to believe that the husband drowned chasing a prowler But some weeks later there is a surprise in store when the husband turns up hale and hearty having been warned in time by his secretary True to form he takes a brutal delight in tormenting his wife and later goes up for a bath Meanwhile the secretary could not go through with the wedding and the paramour returns The Husband is still in the way Or is he According to the law he died three weeks ago      There is no soundtrack Ming-Yuen S. Ma,2020-06-24 There is no soundtrack is a study of how sound and image produce meaning in contemporary experimental media art by artists ranging from Chantal Akerman to Nam June Paik to Tanya Tagaq It contextualises these works and artists through key ideas in sound studies voice noise listening the soundscape and more The book argues that experimental media art produces radical and new audio visual relationships challenging the visually dominated discourses in art media and the human sciences In addition to directly addressing what Jonathan Sterne calls visual hegemony it also explores the lack of diversity within sound studies by focusing on practitioners from transnational and diverse backgrounds As such it contributes to a growing interdisciplinary scholarship building new more complex and reverberating frameworks to collectively sonify the study of culture

**Navigating Urban Soundscapes** Annika Eisenberg,2023-01-01 Navigating Urban Soundscapes Dublin and Los Angeles in Fiction offers an innovative analytical framework to explore sound in different media and across two distinct urban soundscapes Studying a wide range of novels films and radio dramas using Dublin and Los Angeles as case studies Annika Eisenberg asks how sounds are aestheticised to signify urban space in fiction and how sounds allow such fictional urban spaces to be navigated both by auscultators the characters listening within a work of fiction and by auditeurs the implied audience of a fictional work Eisenberg argues that the concept of urban sound is a cultural and aesthetic construct and in doing so she shows why aesthetics needs to be front and center in sound studies      **Trial of William Burke and Helen M'Dougal Before the High Court of Justiciary at Edinburgh 1828** Burke,1829      **United States Coast Pilot** ,1901
