Everett Ruess Philip L. Fradkin,2011-08-29 Everett Ruess was twenty years old when he vanished into the canyonlands of southern Utah spawning the myth of a romantic desert wanderer that survives to this day It was 1934 and Ruess was in the fifth year of a quest to record wilderness beauty in works of art whose value was recognized by such contemporary artists as Dorothea Lange Ansel Adams and Edward Weston From his home in Los Angeles Ruess walked hitchhiked and rode burros

up the California coast along the crest of the Sierra Nevada and into the deserts of the Southwest In the first probing biography of Everett Ruess acclaimed environmental historian Philip L Fradkin goes beyond the myth to reveal the realities of Ruess's short life and mysterious death and finds in the artist's astonishing afterlife a lonely hero who persevered

C. Barfoot, Theo d'. Haen, 1998 A great deal of stimulating and valuable discussion as well as some indignation and hot air has been stimulated by Edward Said whose provocative study of Orientalism *Western Conceptions of the Orient* appeared twenty years ago This present book will we believe be recognized as a worthy addition to the many attempts that have since been made to sift the intrinsic and ingrained attitudes of West to East The fifteen articles in *Oriental Prospects* *Western Literature and the Lure of the East* cover literature from the Renaissance through the eighteenth and nineteenth centuries to the modern period some in pragmatic accounts of responses to and uses of experiences of the Orient and its cultural attitudes and artefacts others contending more theoretically with issues that Edward Said has raised Despite all the misunderstanding prejudice and propaganda in the scholarly and literary depiction of the Orient still today as in the past what emerges from this wide range of articles is that no species of literary text or academic study can appear without risking the accusation of escapist exoticism or cultural and economic exploitation and thus regrettably masking the essential and vital significance of the political and the real and imaginative trading between East and West **The New York Times Book Review**, 1970
