Smith,2015-08-01 Now available in paperback Between two stools investigates the representation of scatology humorous carnivalesque satirical damning and otherwise in English literature from the middle ages to the eighteenth century Smith contends that the two stools stand for two broadly distinctive attitudes towards scatology The first is a carnivalesque merry even hearty disposition typified by the writings of Chaucer and Shakespeare The second is self disgust an attitude characterised by withering misanthropy and hypochondria Smith demonstrates how the combination of high and low cultures manifests the capacity to run canonical and carnivalesque together so that sanctioned and civilised artefacts and scatological humour frequently co exist in the works under discussion evidence of an earlier culture s aptitude now lost to occupy a position between two stools Of interest to cultural and literary historians this ground breaking study testifies to the arrival of scatology as an academic subject at the same time recognising that it remains if not outside then at least at the margins of conventional scholarship      *Impostures in early modern England* Tobias
