So You Really Want To Learn Latin II:

Teaching Classics with Technology ,2019-06-13 The impact of ICT on the teaching of classical languages literature and culture has not until now been extensively described and evaluated Nevertheless educational technology has made a huge difference to the ways in which Classics is taught at junior senior and college level The book brings together twenty major approaches to the use of technology in the classroom and presents them for a wide international audience It thus forms a record of current and developing practice promotes further discussion and use among practitioners teachers learners and trainers and offers suggestions for changes in pedagogical practices in the teaching of Classics for the better The many examples of practice from both UK and US perspectives are applicable to countries throughout the world where Classics is being taught The more traditional curricula of high school education in the UK and Europe are drawing more and more on edutech whereas educational jurisdictions in the US are increasingly expecting high school students to use ICT in all lessons with some actively dissuading schools from using traditional printed textbooks This book presents school teachers with a vital resource as they adapt to this use of educational technology in Classics teaching This is no less pertinent at university level in the UK and US where pedagogy tends to follow traditionalist paradigms this book offers lecturers frameworks for understanding and assimilating the models of teaching and learning which are prevalent in schools and experienced by their students

Teaching Latin: Contexts, Theories, Practices Steven Hunt,2022-03-10 Building on and updating some of the issues addressed in Starting to Teach Latin Steven Hunt provides a guide for novice and more experienced teachers of Latin in schools and colleges who work with adapted and original Latin prose texts from beginners to advanced levels It draws extensively on up to date theories of second language development and on multiple examples of the practices of real teachers and students Hunt starts with a detailed look at deductive inductive and active teaching methods which support teachers in making the best choices for their students needs and for their own personal preferences but goes on to organise the book around the principles of listening reading speaking and writing Latin It is designed to be informative experimental and occasionally provocative The book closes with two chapters of particular contemporary interest Access Diversity and Inclusion investigates how the subject community is meeting the challenge of teaching Latin more equitably in today s schools and The Future offers some thoughts on lessons that have been learnt from the experiences of online teaching practices during the Covid 19 lockdowns Practical examples extensive references and a companion website at www.stevenhuntclassics.com are included Teachers of Latin will find this book an invaluable tool inside and outside of the classroom
