Loughlin, Kate Clark Flora, 2017-10-24 Get a deeper understanding of police shootings through interviews with officers involved in real life cases Today's media is filled with discussions about officer involved shootings Too often missing from that discussion are the police officers voices and the reality of what happens in actual shooting incidents Through actual interviews with involved officers this book addresses common myths and misunderstandings about these shootings Shots Fired is a journey behind the shield and the experiences of the real human beings behind the badge It explores true events through the participants own eyes and takes readers inside the minds of officers during the actual event The officers detail the roller coaster of emotions and severe trauma experienced during and after a shooting event Along with the intimate in depth explorations of the incidents themselves the book touches the aftermath of police involved shootings the debriefings internal and external investigations and psychological evaluations It challenges many commonly held assumptions created by the media such as the meaning of unarmed and why the police can't just shoot him in the leg creating an understanding that reaches beyond slogans such as hands up don't shoot The book is valuable reading for anyone who wants a deeper understanding of police shootings officers and police departments reporters and politicians and the public who rely on the police to keep them safe

**Behind Ghetto Walls** Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position

of Negroes in American society as background for its analysis of Pruitt Igoe private life *Harper's New Monthly Magazine*
