Original **Mystery Women, Volume Three (Revised)** Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective

Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which

covered a 130 year period from 1860-1979. It also includes updates on those individuals covered in the first edition, changes in status, short reviews of books published since the first edition through December 31, 2008. *Cassette Books Library of Congress. A gripping historical whodunit from the award-winning author of the Kate Shugak Mysteries. Cleopatra, young ruler of Egypt, must contend with the might of Julius Caesar's Rome and a determined killer in a city full of dark intrigues. Alexandria, 47 BC. Queen Cleopatra, scion of the mighty House of Ptolemy, rules Egypt from her cosmopolitan capital on the shores of the Middle Sea. But her realm is beset by ethnic rivalries, aristocratic feuds, and dark intrigues. She must also contend with Julius Caesar's insatiable appetite for Egyptian grain and gold to further his ambitions. The world is watching the young Queen waiting for a misstep. And now her Eye, her most trusted servant, has been murdered, and a vast shipment of newly minted coin stolen. Cleopatra cannot afford for these crimes to go unpunished, so she asks childhood friend Tetisheri to retrace the dead Eye's footsteps. As Tetisheri sifts her way through a tangle of lies and deceit, she will discover that nothing can be taken at face value and that she can trust no one, not even Cleopatra herself. *Reviews for Dana Stabenow Outstanding Washington Post*.
