Technology In Student Affairs Issues Applications And Trends:

Technology in Student Affairs John L. Baier, Thomas S. Strong, 1993-12-31 This book provides a comprehensive guide to technology in student affairs. Many student affairs divisions have introduced advanced information and computer technology into their programs in response to the increasing economic constraints facing American colleges and universities today. Advanced technology in student affairs can reduce overhead costs and increase output despite personnel reductions. This book is designed to assist student affairs practitioners, graduate students, and graduate preparation program faculty members in applying advanced technology to their own programs. Co-published with the American College Personnel Association. NMDME 2023 Yau Yuen Yeung, Seifedine Kadry, Guiyun Guan, 2024-01-22 This book contains the proceedings of the 3rd International Conference on New Media Development and Modernized Education NMDME 2023 which was held in a hybrid form from October 13th to 15th 2023. The conference topics include Educational Sciences, Innovative Applications of Teaching Technology, Modernized Vocational Education, Digital Media Technology, Digital Media Technology and Applications, Virtual Technology, and Intelligent Media Communication, Computational Communication, and Smart Media. The conference provided a platform for discussing scientific research findings and cutting edge technologies in the fields of new media development and modernized education to encourage collaboration in the industrialization of academic achievements. We invited specialists and intellectuals to attend the conference, sharing their excellent contributions and perspectives in the speeches. We hope that the scientific attitudes and skills developed through research will encourage scholars worldwide to contribute to the development of knowledge generated by research. Finally, we would like to express our gratitude to the conference chair, publication chairs, technical program committee chairs, local organizing chairs, program committee chairs, conference secretariat, and conference sponsors for their financial support which made the successful organization of NMDME 2023 possible. We hope that this conference will continue to be held in the coming years, publishing more insightful articles with inspiring research. Reference Services Review, 1973 Surveillance Education Nolan Higdon, Allison Butler, 2024-08-02 Surveillance Education explores the pervasive use of digital surveillance technologies in schools and assesses its pernicious effects on students. Recognizing that the use of digital technologies will persist, the authors instead offer practical ways to ameliorate their impact. In our era of surveillance capitalism, digital media technologies are ever more intertwined into the educational process. Schools are presented with digital technologies as tools of convenience for gathering and grading student work, as tools of support to foster a more equitable learning environment, and as tools of safety for predicting or preventing violence or monitoring mental, emotional, and physical health. Despite a dearth of evidence to confirm their effectiveness, digital data collection and tracking is often presented as a way to improve educational outcomes and safety. This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to oppressive levels of surveillance impinging upon their right to privacy.

and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education **Business Week** ,1999 Chicago Tribune Index ,2004 *Current Index to Journals in Education* ,1983 **U.S. News & World Report** ,1985 **Library & Information Science Abstracts** ,2002 Integrating Technology Into Student Affairs (#9 SAPPI Series) V.
