Innovation Key Developments and Policies OECD, 2020-02-11 This report examines digitalisation's effects on science technology and innovation and the associated consequences for policy In varied and far reaching ways digital technologies are changing how scientists work collaborate and publish **Solar Energy, Technology Policy, and Institutional Values**

Frank N. Laird, 2001-03-26 Energy policies that promote new technologies and energy sources are policies for the future They influence the shape of emergent technological systems and also condition our social political and economic lives Solar Energy Technology Policy and Institutional Values demonstrates the difficulties of deliberating such properties by providing a historical case study that analyses US renewable energy policy from the end of World War II through the energy crisis of the 1970s The book illuminates the ways beliefs and values come to dominate official problem frames and get entrenched in institutions In doing so it also explains why advocates of renewable energy have often faced ideological opposition and why policy makers fail to take them seriously **Science, Technology, And Policy Decisions** Anne L. Hiskes, Richard P.

Hiskes, 2019-07-09 This text written by a philosopher of science and a political theorist introduces students to the issues and controversies surrounding science and technology policy in the United States As the impact of technological advancement is increasingly felt the policy making process for science and technology is undergoing a marked transition The making of this policy is no longer solely the function of government agencies and institutions New actors in the policy arena are raising questions about the future of technological advancement in the United States and elsewhere and their voices are affecting sometimes obstructing the traditional policy process This book surveys the entire domain of science and technology policy making with special emphasis on the growing role of citizen participation the ethical issues raised by modern policy problems and the general principles that guide current policy The authors discuss current philosophical views about the nature of science and technology as social and political entities and also consider the history of the relations between these fields and political authority They combine an issues and case study approach with a narrative discussion of how ethical participatory and institutional factors have merged in the policy process Among the topics addressed are nuclear power and siting policy

hazardous waste communications technology and biomedical technology After reviewing the difficult problems facing the modern policy maker the authors assess the methods and ethical assumptions of the current policy making framework and consider alternatives that are more sensitive to the complexity of contemporary policy issues Intended as a core text for courses in Science Technology and Public Policy the book can also be used in interdisciplinary courses focusing on the relationship between science technology and society The text is also appropriate for courses in the philosophy of science and technology and for courses in social and political philosophy

The Effects of Technology and Institutions on E-Participation Pragati Rawat,John C. Morris,2021-12-24 In this book Pragati Rawat and John C Morris identify and evaluate the impact of factors that can help explain the difference in e participation public participation using information and communication technology in different countries While cross sectional studies have been covered few have taken an in depth look at cross national studies This book attempts to fill the gap using quantitative panel data to explore the influence of technology and institutions and the impact of their complex relationships in a mediation and moderation analysis on e participation The current study reviews the scholarly work in the field of offline and online participation to identify a set of antecedents that influence e participation A conceptual framework is developed supported by the theories from the public policy and socio technical premise The authors utilize secondary data primarily from the UN and World Economic Forum for 143 countries from three waves of surveys to measure the dependent and explanatory variables The panel data is statistically analyzed and findings reveal the role of technology as a mediator as well as a moderator for institutions impact on e participation The Effects of Technology and Institutions on E Participation provides a groundbreaking country level analysis that will appeal to academics and students of e government and Digital Government Public Policy Public Administration Public Sector Innovation and Public Participation

Science, Technology and Innovation Policies for Inclusive Growth in Africa Reuben A. Alabi,Achim Gutowski,Nazar Mohamed Hassan,Tobias Knedlik,Samia Satti Osman Mohamed Nour,Karl Wohlmuth ,2018 The volume analyses how to make Science Technology and Innovation STI Policies relevant for inclusive growth strategies in Africa The base for a transformative STI policy is to link the STI policies to Africa s economic transformation policies In a first part the general issues of introducing effective STI policies are presented In a second part country case studies highlight the new approach Cases such as Sudan and Nigeria are analysed as these two countries have a long history of STI development because of different history size and structure they need to move in different directions

towards a coherent STI policy for inclusive growth
