**The Battle for the Bs** Blair Davis,2012-04-06 The emergence of the double bill in the 1930s created a divide between A pictures and B pictures as theaters typically screened packages featuring one of each With the former considered more prestigious because of their larger budgets and more popular actors the lower budgeted Bs served largely as a support mechanism to A films of the major studios most of which also owned the theater chains in which movies were shown When a 1948 U S Supreme Court antitrust ruling severed ownership of theaters from the studios the B movie soon became a different entity in the wake of profound changes to the corporate organization and production methods of the major Hollywood studios In The Battle for the Bs Blair Davis analyzes how B films were produced distributed and exhibited in the 1950s and demonstrates the possibilities that existed for low budget filmmaking at a time when many in Hollywood had abandoned the Bs Made by newly formed independent companies 1950s B movies took advantage of changing demographic patterns to fashion innovative marketing approaches They established such genre cycles as science fiction and teen oriented films think Destination Moon and I Was a Teenage Werewolf well before the major studios and also contributed to the emergence of the movement now known as underground cinema Although frequently proving to be multimillion dollar box office draws by the end of the decade the Bs existed in opposition to the cinematic mainstream in the 1950s and created a legacy that was passed on to independent filmmakers in the decades to come

**Visions of the Apocalypse** Wheeler Winston Dixon,2003-09-17 Visions of the Apocalypse examines the cinema s fascination with the prospect of nuclear and or natural annihilation as seen in such films as Saving Private Ryan Bowling for Columbine We Were Soldiers Invasion U S A The Last War Tidal Wave The Bed Sitting Room The Last Days of Man on Earth and numerous others It also considers the ways in which contemporary cinema has become increasingly hyper conglomerised leading to films with ever higher budgets and fewer creative risks Along the way the author discusses such topics as the death of film itself to be replaced by digital video the political and social tensions that have made these visions of infinite destruction so appealing to the public and the new wave of Hollywood war films coupled with escapist comedies in the post 9 11 era Encompassing both questions of physical and filmic mortality Visions of the Apocalypse is a meditation on the questions of time memory and the cinema s seemingly unending appetite for spectacles of destruction

**Audiences on Movies and Moviegoing** Tom Stempel, 2021-12-14 A unique perspective on half a century of American cinema from the audience's point of view Tom Stempel goes beyond the comments of professional reviewers concentrating on the opinions of ordinary people He traces shifting trends in genre and taste examining and questioning the power films have in American society Stempel blends audience response with his own observations and analyzes box office results that identify the movies people actually went to see not just those praised by the critics Avoiding statistical summary he presents the results of a survey on movies and moviegoing in the respondents' own words words that surprise amuse and irritate The moviegoers respond Big bad plane big bad motorcycle and big bad Kelly McGillis On Top Gun All I can recall were the slave girls and the Golden Calf sequence and how it got me excited My parents must have been very pleased with my enthusiasm for the Bible On why a seven year old boy stayed up to watch The Ten Commandments I learned the fine art of seduction by watching Faye Dunaway smolder A woman's reaction to seeing Bonnie and Clyde At age fifteen Jesus said he would be back he just didn't say what he would look like On E.T. Quasimodo is every seventh grader On why The Hunchback of Notre Dame should play well with middle schoolers A moronic very Hollywood script and a bunch of dancing teddy bears On Return of the Jedi I couldn't help but think how Mad magazine would lampoon this On The Exorcist

**The Mummy on Screen** Basil Glynn, 2019-11-28 The Mummy is one of the most recognizable figures in horror and is as established in the popular imagination as virtually any other monster yet the Mummy on screen has until now remained a largely overlooked figure in critical analysis of the cinema In this compelling new study Basil Glynn explores the history of the Mummy film uncovering lost and half forgotten movies along the way revealing the cinematic Mummy to be an astonishingly diverse and protean figure with a myriad of on screen incarnations In the course of investigating the enduring appeal of this most Oriental of monsters Glynn traces the Mummy's development on screen from its roots in popular culture and silent cinema through Universal Studios Mummy movies of the 1930s and 40s to Hammer Horror's reimagining of the figure in the 1950s and beyond
