Teens Encounter Christ:

Teens Encounter Christ Andre Cirino, Francine Rogers, 1978-01-01 *Teens Encounter Christ* André Cirino, 1974 *The Cursillo Movement in America* Kristy Nabhan-Warren, 2013 The internationally growing Cursillo movement or short course in Christianity founded in 1944 by Spanish Catholic lay practitioners has become popular among American Catholics and Protestants alike This lay led weekend experience helps participants recommit to and live their faith Emphasizing how American Christians have privileged the individual religious experience and downplayed denominational and theological differences in favor of a common identity as renewed people of faith Kristy Nabhan Warren focuses on cursillistas those who have completed a Cursillo weekend to show how their experiences are a touchstone for understanding these trends in post 1960s American Christianity Drawing on extensive ethnographic fieldwork as well as historical research Nabhan Warren shows the importance of Latino Catholics in the spread of the Cursillo movement Cursillistas stories she argues guide us toward a new understanding of contemporary Christian identities inside and outside U S borders and of the importance of globalizing American religious boundaries **What We Have Seen and Heard** Michael E. Connors, 2017-05-11 One of the chief challenges of the Second Vatican Council was to reclaim the meaning of baptism especially as the foundation of service and mission in the world Fifty years after the close of that watershed gathering nineteen distinguished religious leaders and scholars reexamine that challenge and its implications for preaching and ministry today This book reinvigorates an important conversation *Military Chaplains' Review* ,1991 **Cursillo** Brian V. Janssen, 2010-01-01 Since its inception in Roman Catholic Spain in the 1940s the Cursillo movement has been a steadily growing phenomenon and has spread into many Protestant churches worldwide under various names The weekend initiation is often a deeply felt experience that boasts of many conversions and recommitments Yet in this comprehensive analysis of Cursillo the author finds theological concerns questions about the propriety of the methods and complications such as disaffection from the local church transfer of loyalty to the Cursillo community and a significant drop out rate raising implications for similar spiritual movements Interviews with former Cursillo participants confirmed many of these conclusions but also raised a challenge to the church many Cursillo participants do not perceive vital faith in their local church The author suggests that the Cursillo attempts to imitate the work of the church in an extraordinary form and that this might initiate some of the unhelpful results The church would be better served by seeking to revitalize its ordinary ministries of Word and sacrament prayer community and Sabbath observance **Cura Animarum:** Joseph Zimmerman OFM, 2023-08-11 Cura animarum was once used to describe the role of priests to care for souls not bodies This ensured that priests would ignore the external characteristics of the person they were serving Today ordained priests are assisted in most parishes by deacons and laity Therefore friar brothers and priests see their places in the church as ministers who save souls and share stories of Jesus themselves and of the people they minister With the intent of preserving a record of institutional structures that have shaped the lives of the friars of the

Province of the Sacred Heart Father Joseph Zimmerman reflects on a time when the province had over seven hundred members while vividly describing the parishes and other ministries carried out by its friar brothers and priests over the past one hundred and sixty years This resource is shared for those wishing to study developments in a group of vowed religious men as they moved from flourishing roles in immigrant US Catholicism to respond to changes in the Catholic Church and the wider society during the late twentieth and early twenty first centuries Cura Animarum details how Franciscan friars from Germany shaped Catholicism in the United States and responded to cultural trends in the late twentieth century

Conversations with Benjamin Martha Brune Rapp,2021-03-31 Have you ever felt that the tools and techniques you mastered in preaching class are failing you Disheartened by the boredom and scowls of people in the pews whenever you preach Convinced that God does not want you to preach Wondered whether you have any business in a ministry centered around preaching If so you are invited to eavesdrop on eight conversations between Benjamin a priest who is considering leaving ministry because of the weight of preaching and Sophia a wisdom figure who helps him develop the one missing component an overarching spirituality of preaching that offers God s healing love to a wounded and suffering world Written in an easy to read novella format and drawing from interviews with dozens of preachers Conversations brings together preaching best practices the Gospels human anthropology spirituality communication and more *IRL* Chris Stedman,2020-10-20 What Does IRL In Real Life Really Mean in Today s Digital Age It s easy and reflexive to view our online presence as fake to see the internet as a space we enter when we aren t living our real offline lives Yet so much of who we are and what we do now happens online making it hard to know which parts of our lives are real IRL Chris Stedman s personal and searing exploration of authenticity in the digital age shines a light on how age old notions of realness who we are and where we fit in the world can be freshly understood in our increasingly online lives Stedman offers a different way of seeing the supposed split between our online and offline selves the internet and social media are new tools for understanding and expressing ourselves and the not always graceful ways we use these tools can reveal new insights into far older human behaviors and desires IRL invites readers to consider how we use the internet to fulfill the essential human need to feel real a need many of us once met in institutions but now seek to do on our own online as well as the ways we edit or curate ourselves for digital audiences The digital search for meaning and belonging presents challenges Stedman suggests but also myriad opportunities to become more fully human In the end he makes a bold case for embracing realness in all of its uncertainty online and off even when it feels risky **The Roman Catholic Diocese of Owensboro, Kentucky** ,1994-02 A chronology of events a history of the parishes family histories
