Television And Sexuality

J Dewey

Television And Sexuality:

Television and Sexuality Jane Arthurs, 2004-09-16 In recent years there has been a marked increase in both the volume and diversity of sexual imagery and talk on television condemned by some as a rising tide of filth celebrated by others as a liberation from the regulations of the past Television and Sexuality questions both these responses through an examination of television's multiple channels and genres and the wide range of sexual information and pleasures they provide The book explores the way that sexual citizenship and sexual consumerism have been defined in the digital era to reveal the underlying assumptions held by the television industry about the tastes and sexual identities of its diverse audiences It draws on the work of key thinkers in cultural and media studies as well as feminist and queer theory to interrogate the political and cultural significance of these developments With topics including the regulation of taste and decency sex scandals in the news the biology of sex in science programmes and gay lesbian and postfeminist identities in quality drama this book is key reading for students in cultural and media studies and gender studies

Wallowing in Sex Elana Levine, 2007-01-09 A cultural history of sexual content in television shows and TV advertising during the 1970s

"The" New Gay for Pay Julia Himberg, 2017

Television Studies: The Basics Toby Miller, 2009-12-04 Television Studies The Basics is a lively introduction to the study of a powerful medium It examines the major theories and debates surrounding production and reception over the years and considers both the role and future of television Topics covered include broadcasting history and technology institutions and ownership genre and content audiences Complete with global case studies questions for discussion and suggestions for further reading this is an invaluable and engaging resource for those interested in how to study television

Exploring the Dimensions of Human Sexuality Jerrold S. Greenberg, Clint E. Bruess, Sara B. Oswalt, 2014

Television, Sex and Society Beth Johnson, James Aston, Basil Glynn, 2012-06-14 Since the 1990s the screening of sex on American British and Asian television screens has become increasingly prolific Considering not only the specificities of selected sexualised images in relation to popular series this study also concerns itself with the ramifications of TV sex as well as discussing the various techniques that are used by TV producers programme makers to establish the cultural worth of their texts in series such as *Shameless* *The Tudors* and *True Blood* The contributions draw attention to shifting representations of sex on television away from the authoritarian state and patriarchal order toward a more democratic form of representation As a significant and under represented aspect of contemporary television studies this is the first full length academic collection to consider the wide ranging representations of sex in society on contemporary television

The Truth about Sexual Behavior and Unplanned Pregnancy Mark J. Kittleson, William Kane, Elissa Howard-Barr, Richelle Rennegarbe, Book Builders LLC., 2005 Presents information for young people on twenty one alphabetized topics related to sex including sex in the media sex and the law sexual arousal sexually transmitted diseases contraceptives and the cost of pregnancy and childbirth and includes statistics teenagers personal stories and question and answer sections

Children,

Sexuality, and the Law Sacha M. Coupet, Ellen Marrus, 2015-05-22 American political and legal culture is uncomfortable with children's sexuality. While aware that sexual expression is a necessary part of human development, law rarely contemplates the complex ways in which it interacts with children and sexuality. Just as the law circumscribes children to a narrow range of roles, either as entirely sexless beings or victims or objects of harmful adult sexual conduct, so too does society tend to discount the notion of children as agents in the domain of sex and sexuality. Where a small body of rights related to sex has been carved out, the central question has been the degree to which children resemble adults, not necessarily whether minors themselves possess distinct and recognized rights related to sex, sexual expression, and sexuality. Children, Sexuality, and the Law reflects on some of the unique challenges that accompany children in the broader context of sex, exploring from diverse perspectives the ways in which children emerge in sexually related dimensions of law and contemporary life. It explores a broad range of issues, from the psychology of children as sexual beings to the legal treatment of adolescent consent. This work also explores whether and when children have a right to expression as understood within the First Amendment. The first volume of its kind, Children, Sexuality, and the Law goes beyond the traditional discourse of children as victims of adult sexual deviance by highlighting children as agents and rights holders in the realm of sex, sexuality, and sexual orientation. Me, MySpace, and I Larry D. Rosen, 2007-12-26 Professor of Psychology Larry D. Rosen explores the impact of the Internet on child development. Rosen puts a positive spin on the topic, showing parents and educators how social networking sites like MySpace and Facebook can improve adolescent socialization skills. Gay Conversion Practices in Memoir, Film, and Fiction James E. Bennett, Marguerite Johnson, 2024-06-13 For over half a century, organizations and individuals promoting ex-gay conversion and/or reparative therapy have pushed the tenet that a person may be able to and should alter their sexual orientation. Their so-called treatments or therapies have taken various forms over the decades, ranging from medical, including psychiatric or psychological rehabilitation approaches, to counselling and religious healing. Gay Conversion Practices in Memoir, Film, and Fiction provides an in-depth exploration of the disturbing phenomenon of gay conversion therapy and its fictional and autobiographical representations across a broad range of films and books, such as *But I'm a Cheerleader* (1999), *This is What Love in Action Looks Like* (2011), and *Boy Erased* (2018). In doing so, the volume emphasizes the powerful role the arts and media play in communicating stories around conversion practices. Approaching the timely and urgent subject from an interdisciplinary perspective, contributors utilize film theory, queer theory, literary theory, mental health, and social movement theory to discuss the medicalization and pathologizing of queer people, the power of institutions ranging from church, psychiatry, and family, sometimes in alliance, and the real and fictional voices of survivors.

Unveiling the Magic of Words: A Review of "**Television And Sexuality**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring.
