Television And Its Audience:

Television and Its Audience Patrick Barwise, Andrew Ehrenberg, 1988-11-24 This book by two leading experts takes a fresh look at the nature of television starting from an audience perspective It draws on over twenty years of research about the audience in the United States and Britain and about the many ways in which television is funded and organized around the world The overall picture which emerges is of a medium which is watched for several hours a day but usually at only a low level of involvement an audience which views mainly for relaxation but which actively chooses favourite programmes a flowering of new channels but with no fundamental change in what or how people watch programmes costing millions to produce but only a few pennies to view a wide range of programme types apparently similar to the range of print media but with nothing like the same degree of audience segmentation a global communication medium of dazzling scale speed and impact but which is slow at conveying complex information and perhaps less powerful than generally assumed The book is packed with information and insights yet is highly readable It is unique in relating so many of the issues raised by television to how we watch it There is also a highly regarded appendix on advertising as well as technical notes a glossary and references for further reading

Consuming Television Bob Mullan, 1997-04-03 Consuming Television is a textbook designed to introduce students to the role of television in contemporary society and to encourage an understanding of what contemporary audiences are all about Written clearly and simply and devoid of jargon Covers both the empirical and theoretical ground in a lively manner Unlike most books on the television audience this volume looks at the programmes themselves as well as the production process including policies which affect television production

Desperately Seeking the Audience Ien Ang, 2006-06-28 Millions of people all over the world are avid members of the television audience Yet despite the central place television occupies in contemporary culture our understanding of its complex and dynamic role in everyday life remains surprisingly limited Focusing on the television audience Ien Ang asks why we understand so little about its nature and argues that our ignorance arises directly out of the biases inherent in prevailing official knowledge about it She sets out to deconstruct the assumptions of this official knowledge by exploring the territory where it is mainly produced the television institutions Ang draws on Foucault's theory of power knowledge to scrutinize television's desperate search for the audience and to identify differences and similarities in the approaches of American commercial television and European public service television to their audiences She looks carefully at recent developments in the field of ratings research in particular the controversial introduction of the people

meter as an instrument for measuring the television audience By defining the limits and limitations of these institutional procedures of knowledge production Ien Ang opens up new avenues for understanding television audiences Her ethnographic perspective on the television audience gives new insights into our television culture with the audience seen not as an object to be controlled but as an active social subject engaging with television in a variety of cultural and creative ways

Television and Its Audience T. P. Barwise, Andrew Samuel Christopher Ehrenberg, London Business School, 1984

Television, Audiences and Everyday Life Matt Briggs, 2009-10-16 Television is commonplace in developed societies an unremarkable and routine part of most people's everyday lives but also the subject of continued concern from academia and beyond But what do we really know about television the ways that we watch it the meanings that are made and its relationship to ideology democracy culture and power *Television Audiences and Everyday Life* draws on an extensive body of audience research to get behind this seemingly simple activity Written in a clear and accessible style key audience studies are presented in ways that illuminate critical debates and concepts in cultural and media studies Key topics and case studies include News debate and the public sphere Reality television talk shows and media ethics Soap opera play and gossip The uses of television in the home Television identity and globalization Textual analysis discourse and semiotics Each chapter makes a compelling case for the importance of audience research in our thinking about television texts The case studies introduce important new terms in the study of television such as play semiosis and modality while also throwing new light on familiar terms such as decoding ideology and the public sphere *Television Audiences and Everyday Life* is essential reading for undergraduate students on media cultural studies and sociology courses or anybody who wants to understand television its genres and their place in everyday life

The Audience And Its Landscape John Hay, Lawrence Grossberg, Ellen Wartella, James Hay, 2018-10-08 This book offers a major reconceptualization of the term audience one which involves a landscape including the landscape of a given audience situated and territorializing features of any way of seeing and defining the world It acknowledges in the face of conventional discourse analysis the contextual features of discourse to produce complex and textured understanding of the concept of audience The book will speak to students of rhetoric mass communication cultural studies anthropology and sociology alike This book offers a major reconceptualization of the term audience including the landscape of a given audience the situated and territorializing features of any way of seeing and defining the world Given de Certeau's hypothesis that listening watching and reading all occur in places and result in produce transformed paths or spaces the contributors to this landmark volume have provided innovative essays analyzing the transformations that take place in the geography between sender and receiver The book acknowledges in the face of conventional discourse analysis the contextual features of discourse to produce a complex and textured understanding of the concept of audience *The Audience and Its Landscape* presents the work of a vital cross section of international scholars including Sweden's Karl Erik Rosengren the UK's Jay G Blumler and Roger Silverstone Australia's Tony Bennett Israel's Elihu

Television and the Public Sphere Peter Dahlgren,1995-10-01 In this broad ranging text Peter Dahlgren clarifies the underlying theoretical concepts of civil society and the public sphere and relates these to a critical analysis of the practice of television as journalism as information and as entertainment He demonstrates the limits and the possibilities of the television medium and the formats of popular journalism These issues are linked to the potential of the audience to interpret or resist messages and to construct its own meanings What does a realistic understanding of the functioning and the capabilities of television imply for citizenship and democracy in a mediated age

CONSUMING television Bob Mullan,1999

The Ideological Octopus Justin Lewis,2013 Originally published in 1991 this introduction to studying the television audience discusses developments in semiology and cultural studies and their contribution to our understanding of the power of television How in the most precise and intricate sense does television influence the way we think about the world What ideological role does it play in contemporary culture Does TV control us or do we control it This insightful book assesses the progress in responding to these questions and offers some answers of its own In the 1980s with the emergence of semiology and cultural studies in particular there were a number of significant theoretical developments in our understanding of television s power of which this book provides an overview while also incorporating traditional approaches It suggests that television influences us ambiguously and unpredictably depending upon who we are and how we think Ambiguity does not blunt television s power it simply diversifies it into a very modern kind of omnipotence Employing two major qualitative audience studies this impressive study illustrates its argument with findings that are both unexpected and disturbing
