Compassion Fatigue Susan D. Moeller,2002-09-11 From outbreaks of the flesh eating viruses Ebola and Strep A to death camps in Bosnia and massacres in Rwanda the media seem to careen from one trauma to another in a breathless tour of poverty disease and death First we re horrified but each time they turn up the pitch show us one image more hideous than the next it gets harder and harder to feel Meet compassion fatigue a modern syndrome Susan Moeller argues that results from formulaic media coverage sensationalized language and overly Americanized metaphors In her impassioned new book Compassion Fatigue Moeller warns that the American media threatens our ability to understand the world around us Why do the media cover the world in the way that they do Are they simply following the marketplace demand for tabloid style international news Or are they creating an audience that as seen too much or too little to care Through a series of case studies of the Four Horsemen of the Apocalypse disease famine death and war Moeller investigates how newspapers newsmagazines and television have covered international crises over the last two decades identifying the ruts into which the media have fallen and revealing why Throughout we hear from industry insiders who tell of the chilling effect of the mega media mergers the tyranny of the bottom line hunt for profits and the decline of the American attention span as they struggle to both tell and sell a story But Moeller is insistent that the media need not and should not be run like any other business The media have a special responsibility to the public and when they abdicate this responsibility and the

public lapses into a compassion fatigue stupor we become a public at great danger to ourselves *The SAGE Handbook of Political Communication* Holli A Semetko, Margaret Scammell, 2012-05-17 This authoritative and comprehensive survey of political communication draws together a team of the world's leading scholars to provide a state of the art review that sets the agenda for future study It is divided into five sections Part One explores the macro level influences on political communication such as the media industry new media technology and political systems Part Two takes a grassroots perspective of the influences of social networks real and online on political communication Part Three discusses methodological advances in political communication research Part Four focuses on power and how it is conceptualized in political communication Part Five provides an international regional and comparative understanding of political communication in its various contexts The SAGE Handbook of Political Communication is an essential benchmark publication for advanced students researchers and practitioners in the fields of politics media and communication sociology and research methods
