ethnographic studies in various cultures Ali approaches the subject with both an academic lens and an appreciation for the art of divination This book is an essential read for anyone interested in the mystical arts cultural history or the nuances of human belief systems It serves as both an academic resource and an accessible guide for those curious about the rich tapestry of fortune telling practices Dive into the pages of Telling Fortunes by Cards and unravel the stories that cards reveal In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Fortune Telling by Cards P.R.S Foli,2023-01-30 This goddess Fortune frustrates single handed the plans of a hundred learned men In this saying the Latin author has given us the key to all the restless striving to search out the Unknown and the Unknowable which marks our own age just as it has marked previous periods in history which we are apt to look back upon as being but little removed from the dark ages Of all the methods by which men and women seek to penetrate into the mysteries of Fate and Futurity Cartomancy is one that can claim the distinction of having swayed the human mind from prehistoric times right down to this twentieth century of ours It may be that this book will fall into the hands of those who agree with the words of L Estrange there needs no more than impudence on the one side and a superstitious credulity on the other to the setting up of a Fortune teller This attitude of cynical superiority is sometimes genuine but in many cases if we could read what lies beneath the surface we should find that it is but a cloak worn to conceal a lurking fear an almost irritated condition of mind born of a half confessed faith in the power at which it is so easy to scoff
