The Far Islanders:

Faroe-Islander Saga Robert K. Painter, 2015-12-01 This new English translation of the Faroe Islander Saga *Faereyinga* saga a great medieval Icelandic saga tells the story of the first settlers on these wind swept islands at the edge of the Scandinavian world Written by an anonymous 13th century Icelander the saga centers on the enduring animosity between Sigmundur Brestirsson and Thrandur of Gota rival chieftains whose bitter disagreements on the introduction of Christianity to the Faroe Islands set the stage for much violence and a feud which then unfolds over generations of their descendants Making the saga accessible to a wider English readership the translation is accompanied by a brief introduction explanatory notes genealogical and chronological tables detailed maps and an excerpt from Jomsvikings Saga which informs missing passages from the Faroe Islander Saga manuscripts *Furs and Frontiers In the Far North* John R. Bockstoce, 2009-09-15

This comprehensive history of the native and maritime fur trade in Alaska during the eighteenth and nineteenth centuries is without precedent The Bering Strait formed the nexus of the circumpolar fur trade in which Russians British Americans and members of fifty native nations competed and cooperated The desire to dominate the fur trade fed the European expansion into the most remote regions of Asia and America and was an agent of massive change in these regions Award winning author John R Bockstoce fills a major gap in the historiography of the area in covering the scientific commercial and foreign relations implications of the northern fur trade In addition the book provides rare insight into the relationship between the Western powers and the Native Americans who provided them with fur ivory and whalebone in exchange for manufactured goods tobacco tea alcohol and hundreds of other things But this is also the story of the enterprising individuals who energized the Alaskan fur trade and in doing so forever altered the region's history *The Islander* Charles

Whittlesey, 2007-08-01 In 2155 there are two Americas one for the wealthy and one for the poor The wealthy control most of the land and all the technology while the poor lead short and squalid lives confined to the remnants of America's collapsed cities known as Islands The two cultures collide when Galen Fairchild a young Islander falls in love with Mata Vandermere the daughter of a prosperous family from the modern city of Stratis Like Romeo and Juliet Galen and Mata struggle to stay together in the face of daunting opposition from family friends and many other forces Their troubles finally lead them into the ghostlike ruins of downtown Minneapolis where no Islander dares to go Inside the crumbling skyscrapers they discover a strange power linked to Galen's past which not only changes his life forever but also pits the two cultures against each other with cataclysmic results From author's website *The Far East*, 1914 *The Bonin Islanders, 1830 to the Present* David Chapman, 2016-02-23 This book is a collection of interwoven historical narratives that present an intriguing and little known account of the Ogasawara Bonin archipelago and its inhabitants The narratives begin in the seventeenth century and weave their way through various events connected to the ambitions hopes and machinations of individuals communities and nations At the center of these narratives are the Bonin Islanders originally an eclectic mix of Pacific Islanders Americans British

French German Portuguese Italian and African settlers that first landed on the islands in 1830 The islands were British sovereign territory from 1827 to 1876 when the Japanese asserted possession of the islands based on a seventeenth century expedition and a myth of a samurai discoverer As part of gaining sovereign control the Japanese government made all island inhabitants register as Japanese subjects of the national family register The islanders were not literate in Japanese and had little experience of Japanese culture and limited knowledge of Japanese society but by 1881 all were forced or coerced into becoming Japanese subjects By the 1930s the islands were embroiled in the Pacific War All inhabitants were evacuated to the Japanese mainland until 1946 when only the descendants of the original settlers were allowed to return In the postwar period the islands fell under U S Navy administration until they were reverted to full Japanese sovereignty in 1968 Many descendants of these original settlers still live on the islands with family names such as Washington Gonzales Gilley Savory and Webb This book explores the social and cultural history of these islands and its inhabitants and provides a critical approach to understanding the many complex narratives that make up the Bonin story The Off-Islander Peter Colt,2019-09-24 In Peter Colt s gritty gripping new series set along the New England coast a Boston born Vietnam veteran and P I is hired to find a missing father but may find far more than he bargained for Boston 1982 Private investigator Andy Roark has spent the past decade trying to rediscover his place in the world In Vietnam there was order and purpose Everything no matter how brutal happened for a reason Back home after brief stints in college and with the police force Roark has settled for a steady easy routine of divorce and insurance fraud cases Roark s childhood friend Danny Sullivan dragged himself out of blue collar Southie to become a respected and powerful lawyer Now he wants Roark to help one of his clients with a sensitive request Deborah Swift wealthy wife of an aspiring California politician is trying to trace her father last seen on Cape Cod who walked out on her and her mother long ago Other investigators have turned up nothing but Roark s local connections might give him an edge The case takes Roark to the island of Nantucket tranquil in its off season and laden with picturesque charm Yet even here on the quaint cobblestoned streets and pristine beaches Roark s finely honed senses alert him to danger just below the surface Nothing is quite as it seems And the biggest case of Roark s career may just shatter what little peace of mind he has left *The Islander* John Allen,2001-11 As revealed in her diary Maximilienne Carpentier is one of the most elusive and enigmatic figures of recent European history Who was this strange woman Where is the island she speaks of Can we believe that she did away with her enemies as she describes Was her father really a convicted criminal her aunt a murderess and her cousin a suicide Who is the mysterious Claude Besson her apparent help in time of trouble What of the Royal Title she alludes to or her claim that Charles VII of France ratified this valuable document Although some details linger obstinately in the caprice of nineteenth century political turmoil the Carpentier diary nevertheless remains a fascinating document **The Far East** George Waldo Browne,1901 **The American Fur Trade of the Far West** Hiram Martin Chittenden,1902 **Federal Register** ,1997-07-09
