Far Side Gary Larson, 2001-09 **Far Side** Gary Larson, 2006-07 Fish gotta swim Birds gotta fly Bears apparently gotta steal hubcaps Animal habits like the laws of nature themselves tend to get a little twisted in the land of The Far Side And thank goodness for that Imagine how boring it would be to look at a calendar filled with animals doing what they normally do Pigs wallowing Sheep standing around Cats sleeping Crocodiles wrestling heavily tattooed Cajun guys Wait a minute Get Marketing on the line That could be big Instead within the tidy black borders of Far Side cartoons animals get up to all manner of bizarre entertaining and decidedly hominoid activities Dogs guzzle from garden hoses before roaming their territory elephants use their tusks to roast marshmallows adolescent deer dress as hunters for Halloween This is stuff you just don't get on Animal Planet Each weekly spread of this spiral bound lay flat desk calendar presents a different exercise in animal absurdity from the archives of The Far Side That's 53 glimpses into The Secret Lives of Animals enough to make anyone wonder Just what the hell is that cat of mine doing when I'm off at work all day The Far Side and the Larson signature are registered trademarks of FarWorks Inc Far Side 1998 Desk Calendar Gary Larson, 1997-10-01 *The Publishers Weekly*, 1995 Gary Larson and The Far Side Kerry D. Soper, 2018-07-03 Kerry D Soper reminds us of The Far Side's groundbreaking qualities and cultural significance in Gary Larson and The Far Side In the 1980s Gary Larson b 1950 shook up a staid comics page by introducing a set of aesthetic devices comedic tones and philosophical frames that challenged and delighted many readers even while upsetting and confusing others His irreverent single panels served as an alternative reality to the tame comedy of the family friendly newspaper comics page as well as the pervasive button down consumerism and conformity of the Reagan era In this first full study of Larson's art Soper follows the arc of the cartoonist's life and career describing the aesthetic and comedic qualities of his work probing the business side of his success and exploring how The Far Side brand as a whole with its iconic characters and accompanying set of comedic and philosophical frames connected with its core readers In effect Larson reinvented his medium by creatively working within pushing against and often breaking past institutional aesthetic comedic and philosophical parameters Due to the comic's great success it opened the door for additional alternative voices in comics and other popular mediums With its intentionally awkward minimalistic lines and its morbid humor The Far Side expanded Americans comedic palette and inspired up and coming cartoonists comedians and filmmakers Soper re-creates the cultural climate and media landscape in which The Far Side first appeared and thrived then assesses how it impacted worldviews and shaped the comedic sensibilities of a generation of cartoonists comedy writers and everyday fans **The Far Side Mating Rituals** Gary Larson, 2005 Darwin figured it out 150 years ago The Theory of Natural Selection Survival of the fittest Remember that from junior high biology The strongest smartest fastest most attractive members of an animal species succeed in winning mates thus assuring the survival and gradual evolution of their breed Think about it and then feel good about yourself After all you've survived You spring from a

long line of winners Well done But what comes of the less fit those that nature does not select You know the slow witted and weak the dim and the just plain dorky Well but for the work of one man we likely would never know Luckily Gary Larson has chronicled the mishaps maladies and miserable failures of these less than alpha males and females in The Far Side By paying special attention to the peculiar mating rituals practiced by The Far Side s subjects dogs cows clowns apes nerds etc Larson has over the years developed what amounts to the definitive treatise on inept courtship behavior Call it Larson s own Theory of Natural Rejection Each week this little gem of a calendar presents a rare behind the scenes glimpse at nature s chronic romantic underachievers It s like that show Blind Date except starring insects aliens farm animals and cavemen Read these cartoons Laugh if you must But above all learn Learn from their mistakes Because like it or not the continued viability of the species depends on you We thank you and Charles Darwin thanks you The Far Side is a registered trademark of FarWorks Inc

The Gender of Death Karl S. Guthke, 1999 Why is it that in some cultures and times literature folklore and art commonly represent death as a man in others as a woman Karl S Guthke shows that these choices which often contradict the grammatical gender of the word death in the language concerned are neither arbitrary nor accidental In earlier centuries the gender of the figure of death contributed to the interpretation of biblical narrative in particular whether the original sin was that of Adam or Eve and also reflected the importance of the classical figure of Thanatos More recently the gender of death as angel lover or bride whether terrifying or welcome has carried powerful psychological and social connotations Tracing the gender of representations of death in art and literature from medieval times to the present day Guthke offers astonishing new insights into the nature and perception of the Western self in its cultural intellectual and literary context
