The Feminine Mistake:

The Feminine Mistake Leslie Bennetts, 2025-05-01 Women are constantly being told that it's simply too difficult to balance work and family so if they don't really have to work it's better for their families if they stay home Not only is this untrue Leslie Bennetts says but the arguments in favor of stay at home motherhood fail to consider the surprising benefits of work and the unexpected toll of giving it up It's time she says to get the message across combining work and family really is the best choice for most women and it's eminently doable Bennetts and millions of other working women provide ample proof that there are many different ways to have kids maintain a challenging career and have a richly rewarding life as a result Earning money and being successful not only make women feel great but when women sacrifice their financial autonomy by quitting their jobs they become vulnerable to divorce as well as the potential illness death or unemployment of their breadwinner husbands Further they forfeit the intellectual emotional psychological and even medical benefits of self sufficiency The truth is that when women gamble on dependancy most eventually end up on the wrong side of the odds In riveting interviews with women from a wide range of backgrounds Bennetts tells their dramatic stories some triumphant others heartbreaking The Feminine Mistake will inspire women to accept the challenge of figuring out who they are and what they want to do with their lives in addition to raising children Not since Betty Friedan has anyone offered such an eye opening and persuasive argument for why women can and should embrace the joyously complex lives they deserve The Feminine Mistake Judith Posner, 1992 A sociologist offers her own story and the stories of dozens of successful professional women questioning the denigration of home life and the exaltation of workaholism and consumerism Original *The Feminine Mistake* Cal Samra, Society for the Emancipation of the American Male, 1971 *The Feminine Mistake* Amberly Ruck, 2019-02-19 Are you the ideal woman Or do you fall short How do you know If everyone else around you is pretty much like you then that is one baseline of comparison but a faulty one What other measurement have you used to compare and examine yourself Unfortunately many of the descriptions of the ideal woman online are shallow focusing on appearance only Whether you believe in God or just Fate or Karma THE HOLY BIBLE is the best baseline for an overall self evaluation It tells plainly what the ideal woman is I'll spell that out here and it contains principles and advice to help you become the ideal woman THE FEMININE MISTAKE will provide you with comprehensive help in simple and very kind language It will improve your appearance your demeanor your work your home including your parenting your love life your relationships with people your finances and your overall happiness This book is as enjoyable as a woman's magazine Story of a Transsexual': The Feminine Mistake Sandra Shevy, **Smoking and Pregnancy** Laury Oaks, 2001 Examines smoking as a public health concern focusing on harm to the fetus and fetal personhood and also challenges moral policing of smoking women who are pregnant **Alice in Womanland** Margaret Bennett, 1975 **Alice in Womanland, Or, the Feminine Mistake. [With Illustrations.].** Margaret BENNETT (pseud.), 1967 **Alice in Womenland Or The Feminine Mistake** Margaret

Bennett, Peter Newell, 1967 *The Educated Parent 2* Joseph D. Sclafani Ph.D., 2012-02-22 Filled with relevant expert and practical child rearing information this invaluable guide also helps parents understand and utilize parenting resources ranging from scientific research to Internet sites to the popular press Taking up where the 2004 edition of *The Educated Parent* left off *Child Rearing in the 21st Century* is a must have guide to parenting best practices Author Joseph D Sclafani a psychologist and family therapist highlights the different approaches to child rearing and provides practical advice about which approaches work best and why Topics covered range from the role of the parent as supporter protector to the efficacy of daycare and the ways parents can prepare for and assist in a child s education The book also looks at parenting after a divorce at the importance of fathers in children s lives and at such 21st century issues as cyberbullying and the anxiety producing effects of societal pressures One of the unique aspects of the book is that it presents and explains expert knowledge from journals and research studies that are often inaccessible to the everyday reader Centers of parenting advice such as the Internet and parenting magazines are evaluated as well
