The Films Of The Twenties:

Films of the 1920s Richard Dyer MacCann, 1996-12-26 Contains essays and articles from seventeen noted film studies experts Chapters provide the reader with a well rounded view of the societal influences that inspired the films and the techniques that directors filmmakers and actors used to portray the world around them *Alcohol in the Movies, 1898-1962* Judy Cornes, 2015-03-12 A 1906 film called *The Dream of a Rarebit Fiend* shows a man drinking and eating voraciously at a restaurant then going home to bed In the surreal scenes that follow furniture disappears tiny devils poke the man's head with pitchforks and his bed hurls itself out the window and across the city But it wasn't commentary on drinking rather it was a showcase of early special effects double exposure photography panning shots and montage Turn of the century films typically treated drinking as a subject for comedy and ridicule and the comic possibilities translated well into silent movies As talkies developed and the film industry matured alcohol's portrayal was reflected in the times prohibition the Great Depression the war years and as social commentary Here is a study of 64 years of alcohol as portrayed in film The author begins with the appearance in 1898 of what is probably the first commercial a 30 second film of men in kilts dancing and the words Scotch Whiskey appearing in the background The final film is 1962's *Days of Wine and Roses* which addresses alcoholism The author includes a film from each decade those with artistic or historical value those that represent the comedy drama and musical genres and well known pictures such as *The Lost Weekend* and *A Star Is Born* The first three chapters cover 1903 to 1939 The remaining chapters follow not a timeline but the growing complexity of the movies A recurring motif is the use of the term white logic a phrase used by writer Jack London in his 1913 memoir *John Barleycorn* It refers to disillusionment with everyday life brought on by and exacerbated by alcohol An annotated filmography lists the date source and other relevant information about movies in this study *American Cinema of the 1920s* Lucy Fischer, 2009 In ten original essays *American Cinema of the 1920s* examines the film industry's continued growth and prosperity while focusing on important themes of the era that witnessed the birth of the star system that supported the meteoric rise and celebrity status of actors including Charlie Chaplin Mary Pickford Joan Crawford Greta Garbo and Rudolph Valentino while black performers relegated to race films appeared infrequently in mainstream movies **The Films of Martin Scorsese, 1963-77** L. Grist, 2000-05-11 A study of Martin Scorsese's early career from his student short films to New York New York As well as discussing the films in detail they are considered in relation both to the issue of film authorship and a period of American cinema marked by crisis and change Looking at both Scorsese's film making and the debates surrounding film authorship this book is also about American film making in the sixties and seventies about in short authorship and context **American Cinema of the 1920s** Lucy Fischer, 2009-04-15 During the 1920s sound revolutionized the motion picture industry and cinema continued as one of the most significant and popular forms of mass entertainment in the world Film studios were transformed into major corporations hiring a host of craftsmen and technicians including cinematographers editors screenwriters and set designers

The birth of the star system supported the meteoric rise and celebrity status of actors including Charlie Chaplin Mary Pickford Joan Crawford Greta Garbo and Rudolph Valentino while black performers relegated to race films appeared infrequently in mainstream movies The classic Hollywood film style was perfected and significant film genres were established the melodrama western historical epic and romantic comedy along with slapstick science fiction and fantasy In ten original essays *American Cinema of the 1920s* examines the film industry's continued growth and prosperity while focusing on important themes of the era *Youth Culture in Modern Britain, c.1920-c.1970* David Fowler, 2008-09-30 This book traces the history of youth culture from its origins among the student communities of inter war Britain to the more familiar world of youth communities and pop culture Grounded in extensive original research it explores the individuals institutions and ideas that have shaped youth culture over much of the twentieth century *The Jew in American Cinema* Patricia Erens, 1988-08-22 Placing cinematic representations of the Jew within their historical context Bartov demonstrates the powerful political social and cultural impact of these images on popular attitudes He argues that these representations generally fall into four categories the Jew as perpetrator as victim as hero and as anti hero Examples range from film's early days to the present from Europe Israel and the United States *1920s Fashion Sourcebook* Charlotte Fiell, 2021-12-07 There isn't a more comprehensive source to Twenties fashion that I can think of An absolute must for anyone interested in Twenties fashion or art deco Style High Club A source of all the styles colours shapes and silhouettes of the Golden Twenties Vogue From the glitz and glamour of the Roaring Twenties came a fashion revolution The 1920s is a decade synonymous with social change reflected in its groundbreaking fashions from the daring elegance of the New Woman to never before seen silhouettes the styles of the Roaring Twenties still capture the imagination a century later Sumptuously illustrated with over 500 original photographs sketches and prints this extensive sourcebook documents the season by season fashions of the Jazz Age Follow the evolving fashion trends and uncover a fascinating analysis of the progression from haute couture to ready to wear in this essential handbook for all fashion historians students and vintage enthusiasts Authored and edited by renowned design historian Charlotte Fiell this volume also contains an authoritative introduction by fashion historian Emmanuelle Dirix as well as the biographies of the key designers and fashion houses of the period *The Thirties* Mary Ellen Sterling, 1996 *Cinema of Mediocrity - The Representation of 1920s Mass Culture in King Vidor's The Crowd* Peter Brüstle, 2007-03-19 Seminar paper from the year 2005 in the subject American Studies Culture and Applied Geography grade 1.3 University of Freiburg Institut für Nordamerikastudien course Literature and Culture of the 1920s language English abstract What is it that cinema goes to anticipate when flocking weekday nights to the Cinemaxxes and Cinestars throughout the world And what expected the audiences of the 1920s during the heyday of the silent film era when 100 million people a week were drawn to the movie palaces in America Bare amusement Weekend enjoyment Or rather artistically challenging avant garde films with politically provocative messages What we mostly expect of the movies is to satisfy a longing for something new and

extraordinary Still today and also at the beginning of the classic Hollywood era movies have been attractive in that they have offered an alternative reality to that of actual ordinary life be it through romance action exotic scenarios or mere entertainment Especially in the 1920 with the establishment of Hollywood movie going became an enormously popular form of modern mass entertainment King Vidor's *The Crowd* 1928 however is a rare exception Its main interest is not the unknown or exotic it does not function as an alternative reality In contrast to the mainstream Hollywood productions of the 1920s the film concentrates on normality and plainness Thus what *The Crowd* offers is a stylized and satirized portrayal of the everyday lives of exactly the audiences who were watching the film In doing so the film does not charm or arouse passionate feelings On the contrary it functions as a mirror and leaves the spectators frustrated about the meaninglessness of modern life and their own ambitions for success and consumption With its depiction of everyday middle class life and its critique of modern mass culture *The Crowd* also challenges reductionist perspectives of the roaring twenties as a permanent orgy of wild flappers and frenzied Jazz parties as is still prevalent in popular discourse today The alternative view it offers is that of a decade characterized by rising corporate power the pressure to adjust and the powerlessness of the individual against an increasing standardization in the work and leisure sphere Thus in this paper I will examine how *The Crowd* differs from the mainstream Hollywood productions of the time and in what way Vidor's film can be interpreted as a critique of 1920s mass culture
