The Final Warning Your Survival Guide To The New Millennium:

The Final Warning Kathleen A. Keating, 2000 A worldwide disaster is approaching and you won't be able to escape it. Wherever you are in a plane at the office doing laundry or making love it will find you. But **The Final Warning** can prepare you in the final minutes of the era. It is your survival guide, your beacon of hope in the darkness of chaos.

Travels With My Radio Fi Glover, 2011-05-31 Fi Glover is a bit of a traveller. She loves hotels, air stewardesses and fluffy towelling robes but above all she loves radio. One night whilst recording BBC 2's Travel Show she found herself in the far reaches of Texas suffering from a night of line dancing and an over-enthusiastic radio DJ. She started to wonder about all the places she'd ended up in, all the radio DJs she'd listened to, the way a new radio station made her feel at home and yet gave her the fastest insight into an alien city or community. She decided to take a journey around the world collecting hotel freebies and DJs from the charismatic Rose who guided Montserrat through the tragedy of their volcanic eruption to Dr Laura who talks the dysfunctional of New York through their psychotic days from the peace-keeping corps of Beirut and their radio station in a hut to the despairing English football broadcasters in their radio station above a café in Brussels.

2000 From Somerset to Beirut, Las Vegas to Vienna, **Travels With My Radio** is a wonderfully funny and strangely moving quest to find the perfect radio station.

Are You Rapture Ready? Todd Strandberg, William T. James, 2003 This is the book that powerfully links prophetic facts found in the Bible to the fictional accounts presented in such books as the amazingly popular *Left Behind* novels.

Survival Guide for the New Millennium Byron Kirkwood, 1993 Inspired by Mary's Message to the World, Byron has compiled a manual to prepare for and survive the predicted physical earth changes. He has gathered hundreds of thoughtful suggestions and lists of supplies and materials which people should have on hand during natural emergencies and thereafter when smaller isolated communities may need to be self-reliant.

Economic booms and busts are happening with more frequency. Since the turn of the new millennium, fortunes have been made and lost at a blistering pace. Economic busts can be equally devastating and followed by numerous aftershocks. In this entertaining romp through recent economic and financial history, best-selling author Addison Wiggin traces the primary trends that have led up to rapid economic growth and innovation while keeping an eye on the inevitable downturn. The author practices literary economics, telling stories about the characters behind the scenes and their motives, making this wide-ranging book easy to read.
