The First Five Million Miles:

The First Five Million Miles Byron Moore, 1955 **Chambers's Edinburgh Journal**, 1905 The Cosmic Seeders David L. Pritchard, 2017-03-08 John and Janet Marshall are covert operatives on a mission to meet a strange alien race from a distant galaxy. When they arrive they find themselves between two warring armadas bent on war. Their infant son, born in space, is killed in the battle and the Marshalls are forced to re-evaluate their plans. As they contemplate a future without their son, a being appears who offers a key to achieving galactic peace. The being, claiming to be a conduit to a supreme being, provides gifts for humanity that will change our destiny forever. From the futuristic redones of Canada's remaining wilderness preserves to the complexities of interstellar diplomacy, this sprawling science fiction epic looks to the future to help understand our present.

Operation Interstellar Arthur Roberts, 2018-02-28 Paul Grayson walked the city street slowly. He was sauntering towards the spaceport but he was in no hurry. He had allowed himself plenty of time to breathe the fresh spring air, to listen to the myriad of sounds made by his fellow men, and to revel in the grand freedom that being out in the open gave him. Soon enough he would be breathing canned air, pungent with the odor of compressor oil and the tang of the greenery used to replenish the oxygen, unable to walk freely more than a few dozen steps and unable to see what lies beyond his viewpoints.

Janissaries Chris Kennedy, 2015-10-19 The war with China was over and Lieutenant Shawn Calvin Hobbs just wanted his life to get back to normal. The hero of the war, he had a small ream of paperwork to fill out, a deployment with his Navy F 18 squadron to prepare for, and a new girlfriend to spend some quality time with. Life was good. Until the aliens showed up. They had a ship and needed to get to their home planet but didn't have a crew. They had seen Calvin's unit in action though and knew it was the right one for the job. There was just one small problem: a second race of aliens was coming, which would end all life on Earth. Calvin's platoon might want to do something about that too. Having won a terrestrial war with 30 troops, winning an interstellar war with nothing but a 3,000 year old cruiser should be easy, right?

Janissaries initiates *The Theogony*, a trilogy that will take Lieutenant Hobbs and his Special Forces platoon to the stars. It will also show them that there's much more to Earth's history than is written in the history books.

Lift Up Your Eyes Clyde E. Nichols, 2011-03 *LIFT UP YOUR EYES* is a book of daily devotions written by a Christian pastor who, over a lifetime of ministry, has come to know the hungers and hurts, the hopes and dreams of humanity. Nichols, Minister Emeritus of the First Christian Church, Disciples of Christ of Temple, Texas, where he served as senior minister for 23 years from 1963 to 1986. The book contains 365 devotions, one for every day of the year, plus eight for movable holidays: Martin Luther King Day, Easter, Thanksgiving, etc. Each of the devotions is matched with a carefully chosen memory verse from the Bible.
