Subversive Meals Streett R Alan,2016-11-24 In Subversive Meals Alan Streett follows on from James C Scott's idea of a hidden transcript to argue that the Lord's Supper was a subversive non violent act against the Roman Empire Primarily through exegesis of the writings of Luke and Paul Streett examines the political nature of the meal in the context of first century Roman domination In his widely researched argument Streett illuminates for the reader why understanding the Lord's Supper as a purely symbolic act overlooks the political significance it would have had in the first century CE Subversive Meals analyses how the structure of the Lord's Supper followed that of a Roman banquet by having a deipnon and a symposium the latter being the time when anti resistance discussions would take place Streett examines several aspects of the history context and theological significance of the Lord's Supper He discusses such topics as the identification of Passover as an anti imperial meal against the Pharaoh's rule the Roman domination system the meal practices of Jesus the eschatological meaning of the Last Supper the practice of this anti imperial work ethic in the early church and the gift of prophecy as a symposium activity By seeing the Lord's Supper as a political act readers will be able to study Scriptural passages more closely and precisely *What Else Should I Read?* Matthew L. Berman,1996-08-15 In answer to the perennial question What else should I read these innovative resources go beyond linear listings of suggestions to help

students find books through a variety of directions including subject author and genre Each guide contains approximately 30 displayable bookwebs that can be used as posters with reproducible bookmarks that list related titles and fit into pockets on the posters Each web leads users to 8 to 14 related topics that have lists of relevant books with their authors and brief LC descriptions Detailed author title and subject indexes make further exploration easy Hundreds of the best fiction books for young readers titles commonly found in school library collections are covered in the webs The visual nonlinear features of these books make them unique and user friendly tools for educators and students alike Perfect for the bulletin board the bookwebs are a great way to stimulate reading
