*The Far Traveller* Cyril Henry Coles, Adelaide Frances Oke Manning, 2022-08-16 DigiCat Publishing presents to you this special edition of *The Far Traveller* by Cyril Henry Coles Adelaide Frances Oke Manning DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature *Siege Weapons of the Far East* (2) Stephen Turnbull, 2012-08-20 From the 11th century AD East Asian armies made increasing use of exploding missiles and siege cannon to reduce the fortifications of their enemies Some of these weapons were very similar to those used in Europe for example the heavy siege cannon used in the siege of Pyongyang during the Japanese invasion in the late 16th century Others like the Korean hwacha carts mounting over a hundred rockets that were used to bombard the Japanese at Haengju in 1593 were very different from their European contemporaries This book details the design and use of the wide range of weaponry available during this period **The Far-Farers** Victoria Clark, 2003-01-01 The author of *Why Angels Fall* follows the odyssey of Thorvald an eleventh century Viking Christian who left his Icelandic homeland to make an epic journey to Jerusalem offering an intriguing study of western Christendom at a time of dramatic changes in Western Europe and the Holy Land

*The Walker's Guide to the Castles of Britain* Julia Goodfellow-Smith, 2025-03-13 Castles often sit in spectacular landscapes that also offer exceptional walking opportunities and some of the best views of castles are from a distance where they can be seen in the context of the landscape *The Walker's Guide to the Castles of Britain* will inspire both keen walkers to visit castles and castle visitors to explore the surrounding area by describing 60 of the best and most popular castles in Great Britain and an accompanying delightful short walk from each Each chapter describes the castle itself its history and architectural features and how those relate to the landscape that surrounds it followed by an easy to navigate description of the walk itself This absorbing text is accompanied by brilliant photography of the castle and the sights you will see on your walk and a useful map to guide you on your way From the well known and popular castles such as St Michael's Mount Tintagel Castle Corfe Castle and Edinburgh Castle to the lesser known gems like Kidwelly Castle Castle Stalker and Framlingham Castle *The Walker's Guide to the Castles of Britain* will show you how to better enjoy the castles you already know and love and discover some new ones to add to your favourites list *Pilgrims' Castle ('Atlit), David's Tower (Jerusalem) and Qal'at ar-Rabad ('Ajlun)* C.N. Johns, Denys Pringle, 2019-05-23 First published in 1997 this collection includes papers on Crusader era architecture in Palestine with a focus on Atlit the castle of Ajlun and on the Citadel of Jerusalem both the papers and sites of which have previously been difficult to access The volume is presented partly to repair the very real deficit in the literature on Crusader architecture and partly as a fitting memorial to the author who died in 1992 Atlit in particular held a special significance for C N Johns being the site of his first major project as a field archaeologist His Guide

to Atlit a masterly summary of his findings remains the most complete and comprehensive account of the castle and its suburb The studies collected here pay tribute to their author s enduring contribution to the medieval archaeology of the Near East The first part of the book deals with the Pilgrim s Castle the great Templar fortress and town at Atlit The significance of Johns excavations at this site has been relatively neglected because it remains in a military area inaccessible to visitors and because almost the entire stock of his major publication was lost in 1947 This Guide to Atlit a synthesis of historical archaeological and architectural research on the monument is reprinted here together with all the interim reports relating to the medieval period Also included are Johns studies on the Citadel of Jerusalem the Tower of David and on the Islamic castle of Ajlun Together they represent a fundamental contribution to the study of the period of the Crusades and to the military architecture of the Middle Ages The notes by Denys Pringle bring the accounts up to date in the light of recent research
