E. Holmio, 2001-06-19 Michigan s Upper Peninsula was a major destination for Finns during the peak years of migration in the nineteenth century and the early decades of the twentieth century Several Upper Peninsula communities had large Finnish populations and Finnish churches lodges cooperative stores and temperance societies Ishpeming and Hancock especially were important nationally as Finnish cultural centers Originally published in Finnish in 1967 by Armas K E Holmio *History of the Finns in Michigan* translated into English by Ellen M Ryyanen brings the story of the contribution of Finnish immigrants into the mainstream of Michigan history Holmio combines firsthand experience and personal contact with the first generation of Finnish immigrants with research in Finnish language sources to create an important and compelling story of an immigrant group and its role in the development of Michigan *Finns of Michigan's Upper Peninsula* The Finnish American Heritage Center, 2018 On Midsummer Eve 1865 more than 30 Finnish and Sami immigrants disembarked from a Great Lakes ship to a place called Hancock Michigan At the time Hancock consisted of nothing more than a small cluster of humble buildings but it was here on

the outskirts of mid 19th century civilization that Finnish settlement in Michigan's Upper Peninsula UP took root. Much to the surprise of these new Americans, Midsummer was not a religious holiday marked by feasts in celebration of the season's prolonged sunlight. Rather, the newcomers were immediately hastened into the bowels of the earth to extract copper in pursuit of the American Dream. In short order, hardworking Finnish immigrants became reputable miners, lumberjacks, farmers, maids, and commercial fishermen. A century and a half later, the UP boasts the largest Finnish population outside of the motherland and sustains the determined spirit the Finns call *sisu*, an influence that remains palpable in all 15 UP counties.
