Bonnett, Calvin B. Holder, 2009-07-16 Continuing Perspectives on the Black Diaspora is a response to a 1990 publication that studied the persistence and resilience of black African diasporic populations in the Caribbean Latin America North America and the United Kingdom In that book the authors used the themes of persistence and resilience to interrogate the social processes and the coping repertoire of these diasporic populations This volume investigates the often overlooked African presence in Asia Researchers sought to determine how many of these diasporic populations have fared in the context of political independence globalization economic marginalization and the presence of ethnic conflict and institutional racism even with positive class formations and declining significance of race in other geographical areas Prescriptions for the continued viability of these diasporic populations are provided India and China are undergoing a global renaissance emerging as potentially significant economic political and cultural actors on the world scene Meanwhile ancestral Africa is

still socially politically and economically fragmented thereby causing a new migratory push to North America and Europe

The Report : Trinidad and Tobago Oliver Cornock, 2017 *The Trinidad Dougla* Ferne Louanne Regis, 2016-08-17 In their search for personal identity Trinidad s Douglas the offspring of Indo African unions find themselves in a complex social cultural and linguistic situation This is reflected as much in their unclear and uncertain social positioning in a society of competing ethnic groups as in the linguistic possibilities open to them in their quotidian social interactions as they negotiate between their parent communities Trinidadian English Creole TEC the mother tongue or lingua franca of the majority of the population exhibits a lexical amalgam of donor varieties brought to the island during the period of its colonization The extent to which Trinidadians employ these lexical items is linked to their affinity to a particular donor group As a consequence of this Dougla ethnicity and identity are hypothesized as being expressed chiefly through the use of lexical items available to them via their upbringing in specific communities This book describes and analyses specific lexical items in use by Douglas who reside in mixed race communities as well as communities stereotypically marked Indic and African by Trinidadians to determine the extent to which Douglas project a distinct identity a subsumed identity linked to an ancestral ethnic group or a shifting identity based on accommodative strategies employed during interaction within their social networks
