**A Pamphlet Against Anthologies** Laura (Riding) Jackson, Robert Graves, 1928 An entertaining tirade against the perceived iniquities of the trade anthology A statement of poetic integrity it poses awkward questions about the production and consumption of art in the mass markets of twentieth and twenty first centuries

**The Poems of Basil Bunting** Basil Bunting, 2016-06-14 Basil Bunting's work was published haphazardly throughout most of his life and in many cases he did not oversee publication This is the first critical edition of the complete poems and offers an accurate text with variants from all printed sources Don Share annotates Bunting's often complex and allusive verse with much illuminating quotation from his prose writings interviews and correspondence He also examines Bunting's use of sources including Persian literature and classical mythology and explores the Northumbrian roots of Bunting's poetic vocabulary and use of dialect

**The Complete Poetry of Robert Herrick** Tom Cain, Ruth Connolly, 2013-11-01 This is the first edition for fifty years of one of the greatest of English lyric poets Volume I concentrates on Herrick's large printed collection Hesperides published in 1648 and the product of nearly four decades of writing The text is based on a collation of all fifty seven known surviving copies of Hesperides In addition it includes a much needed new biography covering the suicide of his father his apprenticeship as a goldsmith banker and his subsequent career in Cambridge London and Devon It provides a survey of Herrick's fluctuating critical reputation from the first in rank and station of English song writers to trivially charming and a detailed reconstruction of the original printing and publishing just after the first Civil War of a book which was the first Complete Works to be published by an English poet There is also a newly ordered sequence of Herrick's letters from Cambridge his only surviving prose An extensive commentary on Hesperides is placed in Volume II so that readers can use it side by side with the poems if they wish The commentary gives

new translations of Herrick's hundreds of classical allusions and quotes his equally numerous Biblical ones both of them far more extensive and frequently far more playful than has hitherto been realised. It also notes many parallels between Herrick's work and that of contemporaries especially Jonson, Shakespeare, Burton and John Fletcher and his habit of echoing or quoting himself a tendency which reinforces the strong sense of Herrick's persona dominating the collection. Full explanations are given of contemporary personal, political and cultural references.

What Poetry Brings to Business Clare Morgan, Kirsten Lange, Ted Buswick, 2010. What does poetry bring to business? According to Clare Morgan and her coauthors it brings a complexity and flexibility of thinking along with the ability to empathize and better understand the thoughts and feelings of others. Through her own experiences and many examples Morgan demonstrates that the skills necessary to talk and think about poetry can be of significant benefit to leaders and strategists, to executives who are facing infinite complexity and who are armed with finite resources in a changing world. What Poetry Brings to Business presents ways in which reading and thinking about poetry offer businesspeople new strategies for reflection on their companies, their daily tasks and their work environments. The goal is both to increase readers' knowledge of poems and how they convey meaning and also to teach analytical and cognitive skills that will be beneficial in a business context. The unique combinations and connections made in this book will open new avenues of thinking about poetry and business alike.
