## Soccer Hero Pilots:

Empire of the Clouds James Hamilton-Paterson, 2010-10-07 In 1945 Britain was the world's leading designer and builder of aircraft a world class achievement that was not mere rhetoric And what aircraft they were The sleek Comet the first jet airliner The awesome delta winged Vulcan an intercontinental bomber that could be thrown about the sky like a fighter The Hawker Hunter the most beautiful fighter jet ever built and the Lightning which could zoom ten miles above the clouds in a couple of minutes and whose pilots rated flying it as better than sex How did Britain so lose the plot that today there is not a single aircraft manufacturer of any significance in the country What became of the great industry of de Havilland or Handley Page And what was it like to be alive in that marvellous post war moment when innovative new British aircraft made their debut and pilots were the rock stars of the age James Hamilton Paterson captures that season of glory in a compelling book that fuses his own memories of being a schoolboy plane spotter with a ruefully realistic history of British decline its loss of self confidence and power It is the story of great and charismatic machines and the men who flew them heroes such as Bill Waterton Neville Duke John Derry and Bill Beaumont who took inconceivable risks so that we could fly without a second thought

**A HERO'S JOURNEY** Mose M. Kinsey,2024-07-25 What s a Hero Heroes come in all shapes sizes ages and Male or Female They are everyday people in our communities and society The label Hero is given to someone for many reasons The first thing comes to mind are acts of bravery on the battlefield a Police Officer in the line of duty a Firefighter pulling someone from a burning or building The word Hero is a very complex term and it has evolved over time A Hero can be someone whom inspires others to do a common good for themselves and others in their community One that sets high standards for himself or herself Someone whose deeds and accomplishments are worthy of praise by others One that overcame tremendous odds against them and inspired others to do the same They are people whom are not afraid to stand up for what they believe is right Someone whom helps when the benefit and praise is knowingly going to someone else Soldiers whom chose to defend our country while knowing and understanding that they may not survive their journey of service to their Country By Mose M Kinsey

When God Saved a Pilot Rodger Findiesen,2016-07-29 When God Saved a Pilot is the story of Gods calling the author into action on numerous occasions One of those was headline news and is included but others preceded and followed to show how the authors faith was increased over time by doing Gods will and not his own which God often had to correct

*Attitude or Latitude?* Graham R. Braithwaite,2017-03-02 Australia has an enviable record for airline safety No one has ever died in an accident involving a commercial jet aircraft in Australia The reasons behind this have been the source of much speculation and theories tend to focus on issues related to the natural environment and even luck However with human error being present in arguably 100% of aircraft accidents it seems reasonable that a good safety record is at least partly the consequence of human intervention This text uses Australian aviation as a case study of a safe system to explore the interactions between the natural operational and human environments Based on doctoral research including a major survey of pilot and air traffic controller perceptions the book is unusual in that it looks at positive examples in safety rather than taking the traditional reactive approach to safety deficiencies
