The Most Evil of Them

All Sam Human, 2023-06-01 Most serial murderers undeniably spring from abusive or neglected childhoods and or are potentially predisposed to various genetic sociopathic or schizophrenic afflictions rendering the root cause of their murderous behaviour a complex lethal combination of factors What is less credited however is the role of pathological narcissism and narcissistic personality disorder NPD in the making of a serial killer Narcissistic rage sexual narcissism necrophilia and cannibalism are all driven by a need to control and satisfy a grandiose sense of entitlement for personal pleasure and of those narcissistic rage is possibly the most dangerous factor of all in the understanding of serial rape and

murder In this riveting book the author explores the role of NPD through the lived experiences of various serial murderers and showcases the profiles of both infamous and lesser known serial offenders from South Africa and around the world From the blatant callous criminality of the likes of Jason Rohde Dr Wouter Basson and Henri van Breda to the unspeakable cruelty of serial rapists and murderers like Ted Bundy Jeffrey Dahmer Kobus Geldenhuys the Norwood killer and Don Steenkamp the Griekwastad murderer this book reveals the role pathological narcissism might have played in some of the most notorious and gruesome criminal cases of our times Just one warning Don t read this book at night All That Is Wicked Kate Winkler Dawson,2022-10-04 Acclaimed crime historian podcaster and author of American Sherlock Kate Winkler Dawson tells the thrilling story of Edward Ruloff a serial murderer who was called too intelligent to be killed and the array of 19th century investigators who were convinced his brain held the key to finally understanding the criminal mind Edward Ruloff was a brilliant yet utterly amoral murderer some have called him a Victorian era Hannibal Lecter whose crimes spanned decades and whose victims were chosen out of revenge out of envy and sometimes out of necessity From his humble beginnings in upstate New York to the dazzling salons and social life he established in New York City at every turn Ruloff used his intelligence and regal bearing to evade detection and avoid punishment He could talk his way out of any crime until one day Ruloff s luck ran out By 1871 Ruloff sat chained in his cell a psychopath holding court while curious 19th century mindhunters tried to understand what made him tick From alienists early psychiatrists who tried to analyze the source of his madness to neurologists who wanted to dissect his brain to phrenologists who analyzed the bumps on his head to determine his character each one thought he held the key to understanding the essential question is evil born or made Eventually Ruloff s brain would be placed in a jar at Cornell University as the prize specimen of their anatomy collection where it still sits today slowly moldering in a dusty jar But his story and its implications for the emerging field of criminal psychology were just beginning Expanded from season one of her hit podcast on the Exactly Right network 7 million downloads and growing in All That Is Wicked Kate Winkler Dawson draws on hundreds of source materials and never before shared historical documents to present one of the first glimpses into the mind of a serial killer a century before the term was coined through the scientists whose work would come to influence criminal justice for decades to come **Out of the Mouths of Serial Killers** Mary Brett,2021-01-19 Learn why serial killers kill through their own words including Ted Bundy Jeffrey Dahmer the BTK Killer Aileen Wuornos and more than 70 others In this one of a kind book author Mary Brett corresponded with some of America s most evil convicted serial killers and asked just one question WHY Their return letters give an insightful look into the dark mind of each killer The reader also will be able to scrutinize direct quotes unedited from interrogation statements trial testimony media interviews and parole hearing inquests Seventy five serial killers are included in the book some only known to the unfortunate victims family friends and community while others are the most infamous in the annals of serial killers All bios feature the crime the capture the victims and background facts Crime scene photos some graphic are featured

Girl's Guide to Predators Alison Summers, 2010-09-01 Psychologists estimate that all women will be put in harm's way in one form or another by a predator during their lifetime. At their most extreme, the predator is a sociopath who lures women into psychologically damaging relationships that are almost impossible to walk away from safely. More common is the narcissist or the man with anti-social personality disorder, initially charming, sensitive, intense, and charismatic, but who soon torments his lover and devastates her life through a calculated method of manipulation, domination, and control. Then there are the stalkers. After her own terrifying experience, Alison Summers has created *The Girl's Guide to Predators*. It is everything you need to know about the predatory man: why they do what they do, why you'll like them, warning signs, and red flags, and how to get out.
