## **Teetering On The Rim:**

Teetering on the Rim Lesley Gill, 2000 In this age when many trumpet the shrill fanfares of market triumphalism few stop to ask how global political and economic restructuring is affecting impoverished states and transforming the daily lives of ordinary people Teetering on the Rim asks just that question as it offers a critique from below of what has been called neoliberalism the latest set of capitalist inspired policies that posit the market as the remedy for all social and economic problems Focusing on an impoverished city on the periphery of La Paz the Bolivian capital Lesley Gill examines the ways in which neoliberal policies reorder social relations among poor men and women and between them and the state These vulnerable low income people teetering on the edge of survival are forced to contend not only with the state but with each other as well as an array of international organizations to get what they need to continue to live In an effort to understand ordinary people's changing sense of what is and is not possible collectively and individually after more than a decade of economic restructuring Teetering on the Rim reveals the vast and relentless changes wrought in the fabric of social life and offers an instructive example of just what is wrong with the global economic order

Teetering on the Rim Lesley Gill, 2000 Focusing on an impoverished city on the periphery of La Paz the Bolivian capital Gill examines the ways in which neoliberal policies reorder social relations among poor men and women and between them and the state

**A Romance on Three Legs** Katie Hafner, 2010-07-15 Glenn Gould was famous for his obsessions the scarves sweaters and fingerless gloves that he wore even on the hottest summer days his deep fear of germs and illness the odd wooden pygmy chair that he carried with him wherever he performed and his sudden withdrawal from the public stage at the peak of his career But perhaps Gould's greatest obsession of all was for a particular piano a Steinway concert grand known as CD318 C meaning for the use of Steinway Concert Artists only and D denoting it as the largest that Steinway built A Romance on Three Legs is the story of Gould's love for this piano from the first moment of discovery in a Toronto dept store to the tragic moment when the piano was dropped and seriously damaged while being transported from a concert overseas Hafner also introduces us to the world and art of piano tuning including a central character in Gould's life the blind tuner Verne Edquist who lovingly attended to CD318 for more than two decades We learn how a concert grand is built and the fascinating story of how Steinway Sons weathered the war years by supplying materials for the military effort Indeed CD318 came very close to ending up as a series of glider parts or worse a casket The book has already been lauded by Kevin Bazzana author of the definitive Gould biography who notes that Hafner has clarified some old mysteries and turned up many fresh details
