

Television In America

Alan Nadel

Television In America:

The Hidden Screen Robert L. Hilliard, Michael C. Keith, 1999 A highly eclectic form of broadcasting in the United States today by any standard is low power television LPTV Not an insignificant blip in the industry there are more LPTV stations licensed than there are full power television stations LPTV offers true local and community programming to millions of viewers Because it fills gaps left by both full power television and cable LPTV tends to serve outlying communities disenfranchised urban groups and others who have no other way to get their messages out stay connected or receive video programs that meet their special interests and needs In this the first book devoted entirely to LPTV the authors tell the complete story of this unique and important medium from its inception to the formidable challenges it faces today and its potential for tomorrow

Television in Black-and-white America Alan Nadel, 2005 La couverture indique Alan Nadel's new book reminds us that most of the images on early TV were decidedly Caucasian and directed at predominantly white audiences Television did not invent whiteness for America but it did reinforce it as the norm particularly during the Cold War years Nadel now shows just how instrumental it was in constructing a narrow conservative and very white vision of America During this era prime time TV was dominated by adult Westerns with heroes like The Rebel's Johnny Yuma reincarnating Southern values and Bonanza's Cartwright family reinforcing the notion of white patriarchy programs that Nadel shows bristled with Cold War messages even as they spoke to the nation's mythology America had become visually reconfigured as a vast Ponderosa crisscrossed by concrete highways designed to carry suburban white drivers beyond the moral challenge of racism racial poverty and increasingly vocal civil rights demands

Student Television in America Tony Silvia, Nancy F. Kaplan, 1998 The book begins with a brief history of student television and then digs into the nuts and bolts including discussions of basic equipment staffing needs and production methods It explains the business end of running a successful student TV station and explores the important topics of troubleshooting social responsibility and technology of the future Extensive interviews and case studies provide valuable insights from those already working in the field

The Evolution of American Television George Comstock, 1989-10 American television has undergone many changes during the last decade a continually declining network share of audience even while the audience for television as a whole increased an escalation in network competition and the increasing popularity of cable television and videocassette recorders What have these changes meant for our most powerful mass medium In The Evolution of American Television George Comstock goes beyond his seminal work Television in America to explore the vast changes in television in recent years Comstock examines television as not simply entertainment nor information but an institution that is some of both at all times and an enormous influence on American lives

Television in America Thomas G. Aylesworth, 1986 *American Remakes of British Television* Carlen Lavigne, Heather Marcovitch, 2011-03-31 Ever since Norman Lear remade the BBC series *Till Death Us Do Part* into *All in the Family* American remakes of British television shows have become part of the American cultural fabric Indeed some of the

programs currently said to exemplify American tastes and attitudes from reality programs like American Idol and What Not to Wear to the mock documentary approach of The Office are adaptations of successful British shows Carlen Lavigne and Heather Marcovitch's American Remakes of British Television Transformations and Mistranslations is a multidisciplinary collection of essays that focuses on questions raised when a foreign show is adapted for the American market What does it mean to remake a television program What does the process of Americanization entail What might the success or failure of a remade series tell us about the differences between American and British producers and audiences This volume examines British to American television remakes from 1971 to the present The American remakes in this volume do not share a common genre format or even level of critical or popular acclaim What these programs do have in common however is the sense that something in the original has been significantly changed in order to make the program appealing or accessible to American audiences The contributors display a multitude of perspectives in their essays British to American television remakes as a whole are explained in terms of the market forces and international trade that make these productions financially desirable Sanford and Son is examined in terms of race and class issues Essays on Life on Mars and Doctor Who stress television's role in shaping collective cultural memories An essay on Queer as Folk explores the romance genre and also talks about differences in national sexual politics An examination of The Office discusses how the American remake actually endorses the bureaucracy that the British original satirized

Television and the American Family Jennings Bryant, J. Alison Bryant, 2001 This second edition of a trend setting volume provides an updated examination of the interaction between families and the most pervasive mass medium television Charting the dynamic developments of the American family and television over the past decade this volume provides a comprehensive representation of programmatic research into family and television and examines extensively the uses families make of television how extensions of television affect usage families evolving attitudes toward television the ways families have been and are portrayed on television the effects television has on families and the ways in which families can mediate its impact on their lives The volume is an invaluable resource for scholars and students in the areas of media and society children and media and family studies *America* Clara E. Rodriguez, 2018 The surprising effects of American TV on global viewers As a dominant cultural export American television is often the first exposure to American ideals and the English language for many people throughout the world Yet American television is flawed and it represents race class and gender in ways that many find unfair and unrealistic What happens then when people who grew up on American television decide to come to the United States What do they expect to find and what do they actually find In America As Seen on TV Clara E Rodriguez surveys international college students and foreign nationals working or living in the US to examine the impact of American television on their views of the US and on their expectations of life in the United States She finds that many were surprised to learn that America is racially and economically diverse and that it is not the easy breezy happy endings culture portrayed in the media but a work culture The author also

surveys US millennials about their consumption of US TV and finds that both groups share the sense that American TV does not accurately reflect racial ethnic relations in the US as they have experienced them However the groups differ on how much they think US TV has influenced their views on sex smoking and drinking America As Seen on TV explores the surprising effects of TV on global viewers and the realities they and US millennials actually experience in the US The surprising effects of American TV on global viewers As a dominant cultural export American television is often the first exposure to American ideals and the English language for many people throughout the world Yet American television is flawed and it represents race class and gender in ways that many find unfair and unrealistic What happens then when people who grew up on American television decide to come to the United States What do they expect to find and what do they actually find In America As Seen on TV Clara E Rodr guez surveys international college students and foreign nationals working or living in the US to examine the impact of American television on their views of the US and on their expectations of life in the United States She finds that many were surprised to learn that America is racially and economically diverse and that it is not the easy breezy happy endings culture portrayed in the media but a work culture The author also surveys US millennials about their consumption of US TV and finds that both groups share the sense that American TV does not accurately reflect racial ethnic relations in the US as they have experienced them However the groups differ on how much they think US TV has influenced their views on sex smoking and drinking America As Seen on TV explores the surprising effects of TV on global viewers and the realities they and US millennials actually experience in the US

Radio Television News Directors Association V. United States of America ,1967

Prime-Time Families Ella Taylor,1989-09-14 Prime Time Families provides a wide ranging new look at television entertainment in the past four decades Working within the interdisciplinary framework of cultural studies Ella Taylor analyzes television as a constellation of social practices Part popular culture analysis part sociology and part American history Prime Time Families is a rich and insightful work the sheds light on the way television shapes our lives
