Television in the Eighties Marc Leepson, 1980 **Uncomfortable Television** Hunter Hargraves, 2022-12-19 From The Wire to Intervention to Girls postmillennial American television has dazzled audiences with novelistic seriality and cinematic aesthetics Yet this television is also more perverse it bombards audiences with misogynistic and racialized violence graphic sex substance abuse unlikeable protagonists and the extraordinary exploitation of ordinary people In Uncomfortable Television Hunter Hargraves examines how television makes its audiences find pleasure through

feeling disturbed He shows that this turn to discomfort realigns collective definitions of family and pleasure with the values of neoliberal culture In viscerally violent dramas cringeworthy ironic comedies and trashy reality programs alike televisual unease trains audiences to survive under late capitalism which demands that individuals accept a certain amount of discomfort dread and irritation into their everyday lives By highlighting how discomfort has been central to the reorganization and legitimization of television as an art form Hargraves demonstrates television's role in assimilating viewers into worlds marked by precarity perversity and crisis *Monthly Catalog of United States Government Publications*, 1980

Out of the Garden Stephen Kline, 1993 This timely and innovative book provides a detailed history of marketing to children revealing the strategies that shape the design of toys and have a powerful impact on the way children play Stephen Kline looks at the history and development of children's play culture and toys from the teddy bear and Lego to the Barbie doll Care Bears and Teenage Mutant Ninja Turtles He profiles the rise of children's mass media books comics film and television and that of the specialty stores such as Toys R Us revealing how the opportunity to reach large audiences of children through television was a pivotal point in developing new approaches to advertising Contemporary youngsters he shows are catapulted into a fantastic and chaotic time space continuum of action toys thanks to the merchandisers interest in animated television Kline looks at the imagery and appeal of the toy commercials and at how they provide a host of stereotyped figures around which children can organize their imaginative experience He shows how the deregulation of advertising in the United States in the 1980s has led directly to the development of the new marketing strategies which use television series to saturate the market with promotional character toys Finally in a powerful re examination of the debates about the cultural effects of television Out of the Garden asks whether we should allow our

children's play culture to be primarily defined and created by marketing strategies pointing to the unintended consequences of a situation in which images of real children have all but been eliminated from narratives about the young *Hong Kong Pop Culture in the 1980s* Yiu-Wai Chu, 2025-10-01 This book deals with the 1980s the golden decade of Hong Kong pop culture in which a cosmopolitan lifestyle of pop and chic emerged in the city Bookended by two major historical incidents the 1980s will probably enter the annals of Hong Kong history as the decade that defined its future after reversion to Mainland China Having witnessed and experienced the rise of Hong Kong pop culture to unprecedented heights in this decade the author enhances its context through a story about his own personal belongings Examining popular genres including television film music fashion disco and city magazine this book teases out the distinctive aspects of Hong Kong pop culture that defined his Hong Kong As Hong Kong has been undergoing drastic changes in recent years it is necessary to point toward new imaginaries by re-examining its development Toward this end this book will shed light on an important research area of Hong Kong Studies as an academic discipline **Resources in Education** ,1984 [History of the Mass Media in the United States](#) Margaret A.
